## REDCROSS RELIEF ON TO MEXICO

The Expedition Has Passed  
Through Carranza Lines  
Towards Capital

FIRST CHIEF GIVES  
ARMED GUARD FOR  
CORN TRAIN

CONSUL MAKES REPORTS

Telling of Chaos and Rioting  
In Mexico City Which  
Will Not Be Made Public  
Until President Wilson  
Thoroughly Reviews Them  
—Lack of Surgical Sup-  
plies In Hospitals.

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 2.—The American Red Cross relief expedition for Mexico City has satisfactorily passed Pachuca within the Carranza lines and has gone on toward Mexico City. Whether it has continued on through the Zapata defenses and into the capital, does not appear in today's report from Consul Silliman.

A special train of 12 car loads of corn, which left Vera Cruz yesterday for Pachuca, destined to Mexico City, was accompanied by armed guards furnished by General Carranza. The latter expedition is thought here to be the one General Carranza expects to take into the capital at his troops enter. The state department's announcement today said:

"The train was provided with an armed escort and was accompanied by W. P. Gavin, an American citizen. Mr. Silliman states that the secretary of war and the railroad officials at Vera Cruz gave special attention to the loading and transportation of this shipment, giving a preference over their own needs."

"Consul Silliman also advises that Consul General Shanklin and C. G. O'Connor, representative of the Red Cross, went to Mexico City on June 30, from Pachuca, taking with them light freight but leaving heavier articles behind."

"There was no direct word today from Mexico City. The text of the reports telling of chaos and rioting that menaced foreigners will not be made public until after President Wilson has had an opportunity to thoroughly review them. All the important information coming to the state department regarding Mexico is being forwarded promptly to the president at Cornish."

Secretary Tumulty communicated early with Secretary Lansing and forwarded all state department advice to the President.

It was said at the state department that while plans for sending supplies into Mexico City through neutral agencies were under consideration they had not assumed very definite form.

Efforts to induce General Carranza to permit sending supplies to the capital from Vera Cruz, are to be made, it is declared.

A telegram reaching the state department today and forwarded to the Red Cross here said:

"Just informed that Consul General Shanklin, Joseph W. Rowe, his secretary, C. J. O'Connor, of the Red Cross and C. B. Wood, secretary, left General Gonzalez's headquarters this (Thursday) afternoon for Mexico City."

Hospitals in Mexico City are practically without surgical supplies and the Red Cross delegation is taking in bandages, chloroform and drugs, in advance of the supplies of food which are being held up until there is some assurance of transportation into the capital.

## Harry Parks Found Dead Along B. & O. Tracks Near Ice Plant; Probably Was Killed by Train

Harry Parks, 40 years old, son of Mrs. Sarah Parks, was found dead Friday morning at about 2 o'clock by the tracks of the B. & O. railroad near the ice plant at St. Clair street. Parks evidently was killed by a B. & O. train while walking to the home of his brother, Fred Parks in Maple avenue where he made his home. Parks was a clerk employed in the car repair department of the B. & O. He has been employed by the railroad company since young manhood.

The body was found by the crew of a freight train from the north which arrived about 2 o'clock. The man had apparently been dead for several hours.

The Bazler ambulance was called and the body was removed to the Bazler morgue where Coroner W. L. Jackson made an examination and

## STIR IN PARIS IS OCCASIONED BY THE ARMENIAN INCIDENT

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 2.—The sinking of the steamship Armenian has caused a stir in Paris, stress being laid upon the deaths of Americans on board the vessel. Coming so soon after the Lusitania case, which is not yet settled, the press wonders what will be the outcome of the latest incident connected with Germany's submarine warfare.

The Matin says the Armenian's destruction certainly will greatly increase the indignation of Americans and perhaps, inspire a real ultimatum from Washington.

## SUGGESTS TARIFF WAR.

(ASSOCIATED PRESS TELEGRAM)  
London, July 2.—Commenting on the Austro-German economic conference the Post, in a column editorial, urges the allies to take adequate steps to meet after the war the "menace of German economic penetration." The Post suggests a system of preferential tariffs aimed against Germany.

## CONDITION FAVORABLE.

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 2.—The condition of Franklin D. Roosevelt, assistant secretary of the navy, operated on for appendicitis yesterday, continued favorable today. Mr. Roosevelt passed a comfortable night and his physicians look for quick recovery.

## Policeman Bosscowan Is Seriously Wounded; Yeggs Opened Fire Upon Him When They Were Discovered Entering an Office to Blow the Safe

At the city hospital this afternoon at 3 o'clock it was stated that Officer Bosscowan's condition at that hour was very good. No unfavorable symptoms had developed up to that time.

**SUSPECTS ARRESTED.**  
At noon today Police Chief Sheridan was advised that three suspects were taken into custody at Cohoon and are being held for the local department. Steps will be taken to identify the men as those seen in the vicinity of the shooting.

City Patrolman Walter Bosscowan, 40 years old, is in the city hospital seriously wounded as a result of a gun battle with three yegmen who Friday morning entered the office of the Wyeth-Scott company at Manning street and the B. & O. Railroad, with the intention of blowing the safe. The shooting occurred about 2 o'clock.

At least seven shots were fired in the small office, five of which were from the officer's revolver. As far as is known none of the officer's bullets took effect and the yegmen escaped and are still at large.

The first shot fired by the safe-blowers, struck the officer in the abdomen entering at a point just below the navel. It passed through the abdominal cavity, piercing the intestines in 14 places.

The gun fight caused the burglars to make a quick change in their plans. They did not linger to blow the safe. The two men made a hasty exit, were joined by a third who was stationed outside, and they disappeared in the darkness.

Officer Bosscowan, suffering intensely from the wound, remained in the office for fully 20 minutes before calling for help, fearing that the men might be around the place and would again fire upon him.

After being satisfied that they were gone, he called police headquarters and told Police Captain Hager to come to the scene. Captain Hager, waiting for the call, ordered a taxi and accompanied by Headquarters Officers Hinger and Stewart hurried to the office, thinking they would find the officer in charge of the burglars. They were shocked to find the officer wounded and the quarry gone.

Bosscowan was placed in the taxi cab under care of Officer Hinger and started for the hospital. He was unable to stand the jolting of the vehicle and a stop was made and a call sent for Criss Brothers' ambulance.

where the body was later prepared for burial.

Parks was seen on the street by a police officer Thursday night about 11 o'clock. He was on his way home then, walking north on Third street. It is thought he was struck by a train about midnight.

The coroner's examination of the body revealed that the back of his head was crushed, his abdomen injured and the fingers of his left hand bruised. His face and neck were bruised. Either the injury to the head or abdomen was sufficient to cause death.

Fear of foul play was dispelled when the family was informed that his watch and pocketbook had been removed by members of the train crew who found the body. These articles were missing when the body

## BELGIANS HOLD TRENCHES WITH MACHINE GUNS

This photograph taken during the very heat of battle while the Germans were attempting to drive the Belgians from a position in the trenches, shows the soldiers of King Albert's army, armed with machine guns, fighting desperately against the heavy odds of the Germans. In the foreground of the photo, one of the brave defenders of the trench is seen lying dead with a bullet hole in his throat. Standing on the left is one of the many "fighting priests" who are with the Belgian army bearing arms and doing Red Cross work.

lance which hurried the officer to the city hospital where he was operated upon immediately by Drs. U. K. Essington and Homer Davis.

Following the operation, the surgeons and hospital attendants agreed that the officer had an even chance for his life. It blood poisoning can be prevented in the wounds, he should recover. Police Chief Sheridan ordered every care given the man, placed him under the personal care of a private nurse and everything known to medical science is being done to insure a favorable outcome of Bosscowan's injuries.

Captain Hager and Officer Stewart

made an immediate search of the streets and alleys in the vicinity of the shooting, in an effort to locate the yegmen. The trio made good their escape, however, and late this afternoon they were still at large.

The assistance of police officers in nearby towns was asked in an effort to apprehend any suspicious characters. This has brought no results.

The shooting in the small office was the climax of a series of burglaries and safe blowings which has continued for about three months. Without exception, the safe jobs have been pulled off in business

places located along the railroad and as none of the explosions have been heard by people living nearby, it is an accepted theory that the charges of nitro-glycerine have been set off while trains were passing, the noise of the train deadening the sound of the explosion.

With these facts at hand, Police Chief Sheridan intuitively picked the Wyeth-Scott Company's office as one of the places soon to be visited by the yegmen.

Working on this theory, he placed Officer Bosscowan on special duty in the office on June 2. He was stationed there on June 2. He was sta-

## City of Newark Wins Gas Case In Supreme Court; Gas Company Must Furnish Gas at Old 18-Cent Rate; Consumers Will Get Back Trust Fund of \$166,292

(ASSOCIATED PRESS TELEGRAM)  
Columbus, O., July 2.—A decision by the supreme court here today holds that the Newark Natural Gas and Fuel company must furnish gas at the low rate fixed by the city council.

This rate is 18 cents net. The company had raised its rate to 22½ cents net and notified consumers that after April 10, 1911, that the supply would be cut off from those who refused to pay the new rate. Former City Solicitor Frank A. Bolton went into court to ask an injunction,

which both the common pleas and appellate courts granted.

The company asserted that the 1911 ordinance, establishing 18 cents as the net rate for gas, was confiscatory in effect and would not permit it to make a profit. The lower courts decided that rate was reasonable. The new franchise under which the company is operating will expire in one year.

The lower courts were upheld by today's decision.

**History of the Case.**  
In March, 1911, the city council passed an ordinance fixing for five years the price of gas to consumers at 20 cents with 10 per cent discount

if paid before the 10th of the month.

Thereupon the gas company published notice that it would not accept less than 25 cents per thousand, with 10 per cent discount, and would turn off the gas from all consumers who failed to pay that price. Immediately afterwards an injunction suit was instituted by City Solicitor Frank A. Bolton enjoining the company from turning off the gas and from charging more than the rate fixed by council. The case was tried to Judge Jewell of the common pleas court in March, 1913, and in the following summer he handed down his decision upholding the rate fixed by council. The company took

an appeal and the case was tried again in the court of appeals in May, 1914.

In September, 1914, the court of appeals followed Judge Jewell in deciding in favor of the city. From the court of appeals the company took the case to the supreme court and it was argued before that court in May of this year, resulting in the highest court of the state affirming the action of the two lower courts. Shortly after the case was commenced it was agreed that the consumers should pay to the company the price claimed by the company and that the company each month should pay to Walter C. Metz, trustee, the difference between that price and the price fixed by the city council, and that at the conclusion of the litigation that the fund should be it won and to the consumers in case it won an d to the consumers in case the city won. The fund in dispute now amounts to \$166,292.78, which the decision of the supreme court gives to the various users of gas who paid it in.

The gas company's contention was that the price fixed by council would result in a confiscation of its property and a violation of the constitutional provisions of the state of Ohio and the United States, and on that constitutional question the company, defeated in all the state courts, may prob-

(Continued on Page 2, Col. 3.)

## General Funston Ordered to Use Troops If Necessary to Prevent Gen. Huerta From Entering Mexico While Out On Bail

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 2.—General Victoriano Huerta, former dictator and president of Mexico whose defiance of President Wilson led to the seizure of Vera Cruz by American marines and blue jackets, will not be permitted to enter Mexico from the United States at a time when his presence would be a further menace to the plans of this government to restore peace, if the federal government can prevent it.

Determination to keep Huerta from crossing the southern border of the United States and thus complicating the present Mexican situation with a new revolution reached the point today where four different ways of detaining the former Mexican chieftain were under consideration by various departments of the United States government.

Secretary Lansing, in referring to the receipt of a formal request for the extradition of Huerta from the military authorities of the state of Chihuahua, intimated that the federal government could, if it chose, withdraw its present charges of violating American neutrality laws and surrender Huerta to the Villa commander at Juarez.

Secretary Wilson of the department of labor, has under consideration a plan for deporting Huerta to Spain under the immigration laws covering the return of undesirable aliens.

General Funston of the Department of Texas has orders to use the

military forces at his disposal to prevent Huerta from crossing the line while at liberty on bail, who will be the department of justice is gathering evidence for the prosecution of Huerta under federal statutes. Until the hearing of July 12, General Huerta will be kept from re-entering Mexico by the joint efforts of agents of the department of justice and the troops of the American border patrol. Fearing that Huerta might forfeit his bond of \$15,000 and cross at some secluded point on the Mexican border and join some of the bands believed to be awaiting him on Mexican territory, officials have ordered that a strict watch be kept.

Just how General Funston is to take care of Huerta, was not made clear today but it is assumed that American troops not only will be instructed to watch the border carefully, but, if necessary, place a guard around his home and otherwise keep him under surveillance.

It has not been definitely determined what action will be taken on the request for extradition made by the Villa governor of Chihuahua. Secretary Lansing pointed out today that discretionary power was vested with the governor of Texas, and that under the Mexican-American treaty of 1899, the governors of contiguous border states in the United States and Mexico can arrange directly for the requisition of fugitives from justice. He explained that the treaty provided also for the granting of

requisitions asked by the military authorities when the civil authority was suspended and he believed that would cover the present case where no civil government has been recognized in Northern Mexico.

Under the same treaty, if the federal governor did not press its charges against Huerta for violation of neutrality statutes, Huerta would be re-arrested and held for forty days pending the arrival of evidence.

Precedents established by the department of justice do not provide for bail in such cases. The impression was obtained in high official quarters that this course was likely to be followed and if the charges made by the Villa authorities were not sustained, the department of labor would deport him to Spain.

## EXTRADITION OF HUERTA ASKED BY TEXAS GOVERNOR

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 2.—Decision of the question of the extradition of General Victoriano Huerta on various criminal charges, rested today with the state department.

Formal request for the extradition of Huerta was before officials of the department today having been submitted by Governor Ferguson of Texas, at the request of the Villa governor of Chihuahua state.

General Huerta is charged by Villa

(Continued on Page 14, Col. 3.)

## STRIKERS AWAIT A PROPOSITION FROM COMPANY

(ASSOCIATED PRESS TELEGRAM)  
Rochester, N. Y., July 2.—"Any request for a conference must come from the other side. We have done what we could to adjust matters and now the first move must come from the company," was the statement today of G. M. Bugniet, vice president of the International Brotherhood of Electrical Workers, who is in charge of the strike inaugurated yesterday by employees of the Rochester Home Telephone company. The strikers claim additions to their ranks today, announcing that 30 of the women operators are out.

Telephone company officials say they have all the operators they need and that there will be no interruption of service.

## TRAIN KILLS W. L. PALMER INSTANTLY

(Special to The Advocate)  
Pataaskala, O., July 2.—W. L. Palmer, 65 years old, well-to-do farmer residing southwest of Pataaskala, was instantly killed shortly after 1 o'clock this afternoon when his wagon was struck by a Pennsylvania passenger train on the pike crossing at Columbia Center.

Mr. Palmer is afflicted with defective hearing and uses an ear trumpet. It is probable that he did not hear the approaching train, oring Newark and Columbus friends.

Mr. Palmer had been in Pataaskala transacting business at the Courtier-Webb company's store.

At the time of his accident he was on his way home, driving a horse, hitched to a wagon.

The train which struck the wagon stopped and took the body on board, taking it to Summit Station where Coroner Jackson viewed the body and made the necessary investigation. Undertaker Moore of Pataaskala, took charge of the body.

Mr. Palmer was well-known in western Licking county. He is a widower, and leaves several children.

## NO TROOPS YET DRAWN FROM EAST

To Reinforce the Teutonic  
Allies On the Western  
Front

WHICH INDICATES  
THEY EXPECT DECISIVE  
VICTORY

ACTIVITY OF ARTILLERY

Is Continuing North of Arras With Undiminished Violence, But No Signs of An Infantry Offensive—Report of Operations In Dardanelles—98 British Ships Sunk In June.

## (ASSOCIATED PRESS TELEGRAM)

London, July 2.—Evidently bent upon a decisive victory against the Russians, the Germans are not yet sending troops to the western front, but, assisted by their Austrian allies, are making every effort to capture the Russian-Poland capital, Warsaw. Berlin claims further advances by the great Austro-German armies in Galicia, while Field Marshal von Mackensen is pushing steadily ahead between the Vistula and Bug rivers.

Artillery activity continues unabated in the Arras region of France, but as yet there are no signs of an infantry offensive on that front, although it is scarcely possible that so many thousands of shells are being fired without some such objective. In the Arqonne region, the Germans on June 30, gained some ground though at the expense of heavy losses.

A further report regarding the Dardanelles operations claims that the colonial troops have not been checked in their efforts to advance, but that they have been used merely to keep the Turks on their front too busy to send reserves to that portion of the line where the Anglo-French troops made an advance of 1000 yards.

The London morning newspapers generally print editorials on the sinking of the steamship Armenian by a German submarine. The text of the articles being that the relations between the United States and Germany are bound to be further strained by the latest of German submarine exploits. The editorials, however, evidently were written before the status of the Leyland liner had been settled.

Amsterdam is responsible for the report that a Zeppelin dirigible balloon was accidentally destroyed by an explosion today when leaving its shed at Brussels.

During the month of June, ninety-eight British ships, aggregating slightly more than 39,000 tons, were sunk by submarines or mines with the loss of 111 lives.

## INCREASE MADE IN CAPITAL OF A NEWARK COMPANY

In the incorporations of today the Jefferson Land company of this city has increased its capital stock from \$15,000 to \$50,000. The company has for its holdings the development of a new addition in what was formerly known as Moulle Lane and Jefferson road, and in Rugg avenue, all running west of North Fourth street. Jefferson road has been paved and plotted, and a number of homes have been erected. Those associated in the company are: James K. Hamill, Fred Mosteller, Emmett Baugher, Charles McGruder and D. J. Taylor.

## Five British Vessels Sunk By German Submarines But The Crews of All Were Saved

(ASSOCIATED PRESS TELEGRAM)  
London, July 2.—Three British steamers, the Inglemoor, the Caucasus and the Welbury, were torpedoed and sunk today by a German submarine. The crews of the Inglemoor and the Caucasus were landed at Falmouth. The crew of the Welbury is safe.

The British schooner L. C. Tower, which left Falmouth, N. S. June 1 for Newport, England, was sunk off Fastnet today by a German submarine. The undersea boat then sank a bark six miles away. The crew of nine of the schooner was landed at Queens-town.

The Caucasian sailed from London June 28, bound for Jacksonville, Fla. The commander of the submarine was markedly delighted on learning that the steamer Welbury carried a cargo of sugar. After the ship left

Cuba it was discovered that some one had painted inside the vessels' fore-hold the words:

"You have a cargo of sugar for England, but you will never get there."

The Caucasian, the largest of the three vessels sent to the bottom by the German submarine today was a tank steamer of 1,656 tons gross. On her last eastern voyage across the Atlantic she left Port Arthur, May 12 and Newport News May 20 for Dartmouth. She was 365 feet long, 49 feet beam and 28 feet deep. She was built at Sunderland in 1899, and was owned by the Petroleum Steamship company of London.

The Inglemoor, according to the latest maritime records, left Bahia Blanca, Argentina, March 31, bound for Naples. She was of 1,331 tons gross.

(Continued on Page 14, Col. 3.)

## UTICA PAVING CASE DECIDED; VILLAGE WON

A decision was announced on Thursday in the common pleas court in the case of James W. McKelvey, a taxpayer, etc., vs. the Village of Utica, et al.

The suit was brought to prevent the village from entering into a contract for the paving of four streets in the village of Utica. The petition alleged that the village was about to enter into a contract with Henderson Brothers, contractors, and that the said Henderson Brothers are not the lowest and best bidders for said improvement, that Houston & Henderson are the lowest and best bidders, and asked that the village council be enjoined from entering into a contract with Henderson Brothers, and from making any contract with any person for said improvement except Houston and Henderson.

The village council filed an answer setting up that the action was not brought in good faith, but for the purpose of delay; that plaintiff brings the action to accommodate unsuccessful bidders, and because of malice and spite and not in the interest of other taxpayers.

The defendant in its answer stated that the village legally passed the necessary legislation for the improvement of Church, Hill, Mechanic and Spring streets; that after duly advertising for bids for the improvement, council legally awarded the contract therefor to Henderson Bros. at Co-shocton, who were the lowest and best bidders, prior to the time of the filing of the petition. That the mayor and clerk of the village duly and legally executed the contract for the improvement. The reply of the plaintiff was a general denial of the allegations of the answer.

The court found from the evidence that the bid of Henderson Bros. of Co-shocton is complete and includes all the items called for by the specifications. The bid of Houston and Henderson is not complete, in that it does not bid for the iron pipe necessary in the making of the improvement. The court found nothing in the evidence that in any way reflects upon the honesty of the decision of the council, and did not find that the council was influenced in any way by anything except a desire to do what was for the best interests of the village, and to award the contract to the persons they believed to be the lowest and best bidders for the improvement. That it is true that Henderson Brothers were not the lowest bidders in amount, but their bid is not over two thousand or twenty-one hundred dollars lighter than the bid of Houston and Henderson, and from all the information that the council had at the time in awarding the contract, the court cannot say that they were actuated by any motive except to do what they thought was for the best interest of the village and all concerned.

The court dissolved the preliminary order of injunction which was issued upon the filing of the petition, and dismissed the petition. Notice of appeal to the Court of Appeals, and bond for appeal fixed.

## POLICEMAN

(Continued from Page 1.)

tioned on the office nightly until June 13 when he was reassigned to regular duty, the safe workers evidently having transferred the scene of their operations.

Last Wednesday night the office of the Weyth-Scott company was entered and, judging from evidence discovered Thursday, had made all preparations to crack the safe, but for some unknown reason the charge of "soup" was not applied. The burglars made an unsuccessful effort to remove all traces of their visit. The soap, which is used to fill the cracks around the safe doors, was carefully removed. Particles of the soap which fell on the floor were just as carefully wiped up. But the yegmen were not thorough enough and when the place was opened Thursday morning sufficient traces were found to arouse the suspicions of Manager Julian who called the police.

After making the investigation, Police Chief Sheridan gave instructions to the attaches of the office to keep the visit of the yegmen secret. Late Thursday afternoon he called Officer Bosscowan into his office and reassigned him to special duty in the Weyth-Scott office. The officer was instructed to take no chances of personal injury.

He went on duty early Thursday evening and remained concealed in the office until the two men climbed into the window.

The office is not a large one and there is a small counter across the front separating the entrance from the space occupied by desks and office fixtures. In the rear of the office is a door opening into a toilet and stairway leading to the second floor.

The details of the tragic occurrence as related to Chief of Police Sheridan by the wounded officer who retained consciousness until he was put upon the operating table, are substantially as follows:

The officer was concealed in the toilet room. His long wait was rewarded about 2 o'clock when noises warned him that the window opposite the door where he was concealed, was being opened. Soon two dark forms crawled through the window.

The door leading into the toilet room was open. It caught the burglar's eye and he remarked, "There's that d—d door open." With this remark the two men passed around the end of the counter and started for the door.

As they approached the door, Of-

ficer Bosscowan flashed his electric torch on the men and it is the theory of the other officers that he commanded the men to throw up their hands. If such was the case, they failed to obey the command. Instead, they flashed a torch and opened fire almost at the same instant. The first bullet took effect.

Then the men started for the window. The officer emptied his revolver at them. Though he fired at close range every shot went wild. Three of his balls struck the safe and two others entered the wall near the window.

The third member of the gang, stationed on the outside as a lookout, fired through another window, his one shot piercing the stove pipe.

Bosscowan's faulty aim probably was due to his wound. Firing from close range and at the two men he should have hit one of them unless he was suffering from the shock due to the wound.

Following the shooting, Bosscowan lay in the office for fully twenty minutes before notifying headquarters of his condition. He feared to show any activity for fear the yegmen would again return and open fire upon him.

Captain Hager, on night duty at headquarters, sat close by the telephone awaiting word from the officer. When Bosscowan called in, and told the captain to come to the Weyth-Scott office, Captain Hager waited for no details but immediately ordered a taxicab and hurried to the place accompanied by the other officers. He supposed when the officer called in that he had the men in custody and Captain Hager was anxious to get help to the patrolman promptly.

Bosscowan was conscious from the time of the shooting until he was placed under the anaesthetic on the operating table at the City Hospital. He told in detail of his gun fight with the yegmen but was unable to give any description of the men. The light from the electric torches flashed only an instant and the officer did not have time to get a good look at the men.

When the start was made for the hospital with the wounded officer, Dr. C. K. Essington and Dr. Homer J. Davis were notified that the man was enroute to the hospital. They arrived before the officer, and after making an examination of the wounds decided that an immediate operation was necessary in order to avoid peritonitis.

The abdominal cavity was opened and the surgeons found 19 distinct perforations of the intestines. These perforations were closed by the surgeons who worked rapidly and skillfully.

The wounded man rallied nicely from the shock and while his condition is very serious, the surgeons state that he has an even chance for recovery.

The operator on duty at headquarters notified Police Chief Sheridan of the shooting and he ordered a taxicab and also rushed to the Weyth-Scott office. Finding that the officer had been sent to the hospital, he reached there as the officer was brought in and talked with Bosscowan regarding the shooting before he was placed under the influence of the anaesthetic. Chief Sheridan remained in the operating room until the operation was almost completed.

The police investigation revealed the fact that one of the men who is believed to have taken part in the crime, ran east in Manning street after the shooting. Residents in the neighborhood saw a man about that hour, running rapidly along Manning street but because of the darkness, were unable to give any accurate description of the man.

The crew on the Bazler ambulance which was called to pick up the body of Harry Parks, killed along the B. & O. tracks near the ice plant, saw three men walking rapidly south on the railroad soon after the shooting must have occurred. The light here was also bad and it was difficult to give a description of these men.

Walter Bosscowan was one of the best officers in the Newark police department. He has won the confidence of his superiors by his absolute obedience to orders given him. He has, during his service in the department, showed intelligence in the performance of his duty. He is courageous, tactful and loyal.

His injury has cast a shadow over the entire department, being popular with all his fellow officers. Police Chief Sheridan is particularly grieved because of the officer's injury.

Officer Bosscowan gave up railroading several years ago to take the position he now holds. He was for years a fireman on the B. & O. During his career as a railroader, he had a number of narrow escapes in accidents but always showed the courage of a real man. He had been promoted to an engineer and ran on the B. & O. some time before resigning.

He was the fireman on the special train wrecked on the Barnsville hill, west of Barnsville about twelve years ago when Milo Francis, popular engineer lost his life. The engine driven by Francis and fired by Bosscowan was pulling a special train bearing a large number of Knights Templar to the conclave at Louisville, Ky. The fireman escaped with serious injuries but Francis lost his life.

Bosscowan is married and lives with his family in North avenue, East Newark.

## ARRESTS AT ZANESVILLE.

(Special to The Advocate)

Zanesville, July 2.—Zanesville police at noon today arrested Joseph Zeffell and Andy Sanders in the railroad yards and are holding them for further investigation. The men answer to the description sent out by the Newark police and the Zanesville officials are confident that they are safe blowers.

Germany uses almost twice as many postcards for domestic correspondence as any other nation. Japan ranking second and the United States third.

Manchuria's trade is affected very little by the war.

## WHEELER

WILL RELINQUISH LEADERSHIP OF THE ANTI-SALOON LEAGUE IN OHIO.

And is to Soon Take a Place On the Staff of the National Organization.

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 2.—Wayne B. Wheeler will surrender the leadership of the dries in Ohio. He will resign as superintendent of the anti-saloon league in this state and will take a place on the staff of the National organization. James A. White, assistant superintendent, will succeed Mr. Wheeler as superintendent. As a result of this change, Mr. White will become the director of the fight which the dries have launched for prohibition in Ohio this year.

The elevation of Mr. White to the superintendency and the transfer of Mr. Wheeler to the national organization will be made at the annual meeting of the national anti-saloon league to be held soon in Atlantic City. Mr. Wheeler will have headquarters in Washington. While the exact nature of his new position has not been made known yet, it is understood that he will be second in command to Purley A. Baker, the national superintendent.

Mr. Wheeler has been superintendent for a number of years, having succeeded Mr. Baker, who was promoted from the Ohio superintendency to the head of the national organization.

Mr. White is an attorney and he has been connected with the state organization for some years.

## THIN PEOPLE CAN INCREASE WEIGHT

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Evans' drug store and other leading druggists in Newark and vicinity sell it in large boxes—a forty tablets to a package—on a guarantee of weight increase or money back.

## CITY OF NEWARK

(Continued from Page 1.)

ably go to the supreme court of the United States. Meanwhile, the fund is growing larger each month.

Much credit is due the city's attorneys, who have represented the interests of the gas consumers in the ultimate result. To none is a greater share due than to former County Prosecutor J. Howard Jones, and former City Solicitors Frank A. Bolton, and Roderic Jones. These men have not only professional pride in the final triumph of this long litigation, but the added consciousness of a duty done splendidly as public servants, for which they received no compensation above their salaries. They did the work, and it was tedious and arduous work, of preparing the city's case for presentation to court and jury. Reams of evidence were collected and given to the tribunals in which the case came for trial or review. Briefs were prepared containing exhaustive and elaborate arguments upon the evidence thus adduced and in not one suit was the people's cause defeated. The citizens of Newark owe these men a meed of praise for their faithful, conscientious, unselfish and successful endeavors.

Solicitor Ralph Norpell has also done good work and has looked after the city's case with unflagging interest, carrying out the work upon the foundation laid by his predecessors. Hon. Edward Kibler, Sr., has been associated in the case from the beginning, and has rendered valuable service with his counsel and indefatigable labor. He was very much pleased with the decision naturally, and said that the victory was a complete one.

OTHER DECISIONS

HANDLED DOWN TODAY

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., July 2.—The supreme court in a decision today upheld the validity of the Cleveland home rule charter. The decision was in the case of George D. Hile, a taxpayer.

Decisions of the lower courts were affirmed.

Both the common pleas and appellate courts had upheld the home rule charter of Cleveland and refused Hile the mandamus he asked. The state law relating to municipal sinking fund trustees provides that the board shall consist of four members appointed by the mayor, and they may not be city officials. The Cleveland charter establishes a sinking fund board of three members—the

director of law, director of finance, and president of council.

Hile's contention was that not only did the charter provision violate the state law, but it also should be held invalid because the sinking fund trustees were tax-paying officials. The city of Zanesville may proceed with the construction of its water supply system as a result of a decision of the supreme court today, which refused to grant the injunction asked by C. V. Shryock, a taxpayer.

H. C. Maurer may continue superintendent of the state school for blind, and J. Frank Lamb, blind teacher, whose claim on the position was supported by the state civil service commission against the board of administration, need not be appointed, the supreme court decided today.

## RAILROAD ASKS SUPREME COURT TO REVIEW CASE

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., July 2.—The Baltimore & Ohio railroad today asked the supreme court to review the case in which William C. Hagen, of Newark, was awarded \$12,000 by lower courts for damages sustained while working in the Baltimore & Ohio shops at Newark.

STILL AWAITING OFFICIAL NEWS BEFORE ACTIVITY

(ASSOCIATED PRESS TELEGRAM)

Washington, July 2.—Tension over destruction of the British steamer Armenian with the loss of a number of American lives was considerably relaxed today following the receipt of unofficial advice telling of the apparent refusal of the ship's commander to heed the warning of the German submarine to stop. This phase of the matter overshadowed in the official view all other questions involved in the destruction of the Armenian.

If official reports should bear out news dispatches concerning attempts of the Armenian to escape, it was said no new cause of complaint likely would be added to issues pending between the United States and Germany. Officials held that if the Armenian sought to evade capture, the sinking of the ship was justified under international law, even though noncombatants were on board. Precedents are cited in support of this contention.

Detailed information of the destruction of the Armenian still was awaited today. Until such data is available, the position of the United States will not be announced.

## WEBBER SAID CHAS. BECKER IS INNOCENT

(ASSOCIATED PRESS TELEGRAM)

New York, July 2.—Bridgie Webber, one of the three self-confessed accomplices in the plot which resulted in the killing of Herman Rosenthal, the gambler, has said, according to his attorney, that Charles Becker "had absolutely nothing to do with the murder."

A statement to this effect was made by H. T. Marshall, an attorney. "Becker," said Mr. Marshall, "had absolutely nothing to do with the murder of Rosenthal. Bridgie Webber, when he employed me as his counsel at the first trial, admitted this to me and said that he and the others were perjuring themselves in order to save their skins. When Webber told me that, I told him to get another lawyer. From that time on my mouth was sealed. I could not speak because of professional obligations. But had I not been convinced of Becker's innocence, I would not have aligned myself with the lawyers in his defense at the second trial. I never would have entered the case had I not known from what 'Bridgie' Webber told me that Becker was deliberately framed up by Webber, Harry Vallon, Jack Rose and Sam Schepers."

AUSTRIA-HUNGARY BUYING FOODSTUFFS FROM SWITZERLAND

Basel, Switzerland, June 29.—Via Paris, July 2.—(Delayed in transmission)—Austrian and Hungarian agents are buying large quantities of foodstuffs throughout Switzerland at high prices. Their object is understood to be to get as much as possible before the Swiss government imposes a general embargo on food exports which appears likely soon.

Lunacy On Increase.

During the year '14 37 persons were adjudged insane in the Licking county probate court and sent to the state hospital. For the first six months of this year 25 persons have been adjudged insane in the same court. Should this rate of increase prevail for the remaining six months of the year it will mean an increase of nearly twenty-five per cent.

Falling Off In Marriage Mart of Licking County

There were 51 marriage licenses issued in this probate court in the month of June. This is a falling off over the same month last year when 61 licenses were issued. The license clerk states that the decrease is probably due to the fact that times were a little more prosperous last year than at the present time.

During the last year 1,228,316,000 passengers traveled by the railways of the United Kingdom.

PREPARE FOR THE GLORIOUS FOURTH.

## THIRTY TIMELY SPECIALS

## ON SALE ONE DAY, SATURDAY ONLY

No doubt you attended the one-day sale which we held last Saturday. If so, you know it was an out-of-the-ordinary value-giving event—in fact it was so successful that we have determined to hold one tomorrow again. We have selected for this one-day sale, items that are desirable—merchandise you are wanting right now. Just glance over the thirty specials quoted below. You will find many that would be just the thing for that picnic or out-of-town trip over the Fourth. By all means place this store at the top of your shopping list tomorrow. It will result in the saving of dollars.

Special facilities for obtaining patents in all countries.  
 TRUST BUILDING.

Bargains in the Wants tonight.

It's false economy to use cheap-looking stationery. You can't go wrong if the Advocate prints it

## Hart Will Pitch Sunday Game At Wehrle Park With Findlay Club Fighting for First Place

"Red" Hart, Newark's best pitcher, the man who let Akron down with four hits in last Wednesday's game, and who struck out eleven men, seven of them in succession, will pitch the game Sunday at Wehrle Park against Ollie Chapman's Findlay crowd. This game will be called at 3 o'clock and considering the brand of ball played in the Wednesday game, a good crowd should be present to witness the contest.

The Newark club under the direction of Erve Whitten is now playing a series in Findlay. Since the advent of Judge, Roudoush and Reese, the team has showed better form in the field and at bat. A better spirit is also shown since the departure of Manager Wreath.

The players are to profit by the attendance at these games. Left almost penniless by Manager Wreath, they agreed to finish the season, in the hopes that the attendance Sunday and Monday would give them at least a part of the salary due them.

Newark fans who attend the game need not fear that any of the receipts will go into the pockets of the man who violated the confidence of the baseball public. The players who have played the best they could, under a manager of Wreath's type, hope by these games Sunday and Monday to get enough money to pay their board and room rent and have enough left to pay their car fare home, in case it is found impossible to continue the club for the rest of the season.

## RAIN INTERFERES WITH THE RACES AT DRIVING PARK

Owing to the threatening weather yesterday afternoon the crowd at the matinee races at the Driving Park was not up to the usual standard. The track was slow owing to the fact that it rained during the races and it was necessary to call them.

The next regular matinee will be held on Thursday, July 8, at which time prizes will be awarded the winners of the different events. The center of attraction yesterday was the special mile race between Black Jack and W. A. The summaries:

First race, class A, summer, half mile—Red On (Ben Jones), 1-1; King Pilot (W. Jones), 2-3; Murray Clay (Warrington), 4-2; Nancy O'Connor (Hankinson), 3-4. Time—1:08 1-4, 1:08 1-4.

Second race, class A, trot, half mile—Rose Hite (Markin), 2-1-1; Dona (Drum), 1-3-2; Jean K (B. Jones), 2-3. Time—1:12 1-4, 1:11 3-4, 1:12.

Third race, special pace, one mile—Black Jack (Rowe), 1-1; W. A. (Dunn), 2-2. Time—2:19 1-4, 2:22 1-4.

Fourth race, special trot, half mile—Birdie R (Rowe), 1-1; Dandy Jim (Kirkpatrick), 2-2; Harry S. (Simpson), 3-3. Time—1:20 1-2, 1:23.

## LIMA LEADS IN PITCHING DUEL; AKRON IS BEATEN

Lima, July 2.—Lima defeated Akron yesterday through superior base running. The game was a pitchers' duel between Pickett and Bond until the seventh inning. Score: R. H. E. Akron..... 2 9 3 Lima..... 3 8 2 Batteries—Pickett and Talbot; Bond and Maroney. Rain at Findlay.

Applewood is the favorite material for ordinary saw handles, and some goes into so-called birch pipes.

An extensive deposit of asphalt of high quality has been discovered in the Philippines.

The U. B. church will hold a social on the church lawn, Saturday. Misses Myrtle and Maude Smith of Weston, W. Va., are the guests of their sister, Mrs. C. C. Smith.			
E. V. Beard has purchased a Buick automobile.			
Wm. Wallace was a Columbus visitor, Friday.			
The Culbertson company are tearing up their buildings and shipping their machinery from National Road to Zanesville. They are also tearing up the tracks, and teams and graders are at work on the side roads.			

**MT. ZION**  
There will be an ice cream festival at Mt. Zion, Saturday evening, July 17. The women are requested to bring cakes.

The people of this community were saddened by the sudden death of Mrs. Tena Beckley Cummins of Bladensburg, our former school teacher for four successive years.

Her former pupils from Mt. Zion paid loving tribute, by marching each with large bouquets of roses and ferns.

Mrs. Cummins, who was married just a few weeks ago, developed

## MR. BUCKLEY IS OPTIMISTIC; TWO GAMES FOR TODAY

A telephone message from C. B. Buckley of Findlay, received today, states that Piqua has already decided definitely to accept the offer of the Buckeye League backers to place a team in that city. Springfield, according to Buckley, received this morning information favorable to the proposition and if it is decided to increase the circuit to six clubs, Springfield and Piqua probably will be the two new towns.

The situation at Kenton is favorable, but the absence of the president of the chamber of commerce made it impossible to settle the matter definitely at this time. Kenton wants baseball and the directors of the commercial body are favorable but could take no action in the absence of their president.

If the Akron club can be placed in Kenton, Piqua and possibly Springfield will be admitted. If Kenton is admitted and Springfield fails to come across, the circuit will be continued as a four club circuit unless another team is found to make up a running team for Piqua.

Things look favorable to continuing the circuit, at least as a four club league. In the event that this is done, Messrs. White and Meier and E. C. McDaniel will finance the local club.

If this comes about, Newark will have a ball club for these men will put enough money in the proposition to secure whatever players are needed. Right now additional men for the pitching staff seems to be about all that is needed.

Mr. McDaniel and Mr. White drove to Basil today in an effort to secure the services of Pitcher Moore, former Chillicothe hurler, who gave up his position there to take over the management of a \$50,000 farm owned by his mother-in-law. Moore was regarded as the best pitcher in the Ohio State league and was touted by Josh Devore as a coming big leaguer.

**BANDS OF GREEKS  
ARE ADVANCING  
TOWARD ALBANIA**

(ASSOCIATED PRESS TELEGRAM)  
Rome, July 1. (via Paris, July 2.)—A dispatch to the Tribune from Antivari, Montenegro, says that two large Greek bands are advancing toward Berat, Albania, after occupying the villages along the way.

There have been no previous reports of an intention on the part of the Greek government to lay claim to a section of Albania. This principle which was established after the Balkan wars, borders on the south-east on the part of Greece which was awarded after the defeat of Turkey. Albania already has been invaded by Serbian and Montenegrin troops, while Italian forces have been stationed there for some time.

**NEW BETHEL**  
Middleton Day, a retired farmer and business man of Trenton township, just over the line in Delaware county, suffered a severe stroke of paralysis early Sunday morning. Mr. Day was seized with the malady while about his morning chores, and the shock affected his entire right side as well as his power of speech. Skilled medical aid was summoned and while everything is being done to relieve his suffering, little hope is held out for his recovery owing to his advanced age of 74 years.

Mrs. Dora Benoy and daughter Florence spent from Wednesday till Sunday with Newark relatives.

Mr. and Mrs. Harvey Disbennett and daughter Indus were guests of S. A. Grandstaff and family Sunday.

Mrs. Ollie Clery returned to her home in Columbus Saturday after a week's visit at the home of her parents, Mr. and Mrs. J. M. Welch.

Miss Lulu Clouse, who has been seriously ill for the past ten days, suffering from nervous prostration, is not gaining strength as rapidly as hoped for.

We are sorry so many were unable to secure seats for the children's day exercises at Bethel Sunday evening. But we thank you all for your presence and orderly conduct.

Mr. Ernest Downing is confined to his bed suffering from inflammatory rheumatism.

Purlee Jones and family of Sunbury spent from Wednesday till Monday at the home of Mrs. Jones parents, Mr. and Mrs. W. S. Glaze.

Hallie Myers and family of New Way were calling on friends here Sunday.

**NEEDMORE**  
Miss Fiona Martin spent Friday in Newark.

Charles Riden spent Saturday night with G. B. Martin of Fallsburg.

The Misses Sabatath of Newark, visited Miss Fiona Martin from Friday until Sunday.

Mr. and Mrs. George Iden and son Charles, visited at the home of G. W. Priest of Pleasant Valley, Sunday. The guests there that day comprised all of Mr. and Mrs. Priest's children and grandchildren, and the one great grandchild. Besides those mentioned were Mr. and Mrs. J. D. Priest, daughter Cecil, and son Ernest, of Martinsburg; Miss Myrtle Priest of the home, and Mr. and Mrs. G. B. Martin and daughter Margaret, of Fallsburg.

George Iden spent Monday in Fallsburg.

J. W. Martin spent Sunday in Utica, the guest of his son, I. R. Martin.

China is running short of window glass. The war in Europe is to blame.

Aberdeen's linen mills are kept busy by war orders.

## Rolled in Fresh Cigarettes the World Over

"Bull" Durham introduced a distinctive form of tobacco enjoyment to discriminating smokers throughout the world—popularized the present smart fashion and now universally accepted custom of rolling one's own cigarettes with this pure, mellow tobacco, to meet individual requirements of taste that can be satisfied in no other way.

GENUINE

## "BULL" DURHAM SMOKING TOBACCO

The millions of "Bull" Durham smokers are men of wide tobacco experience. They have used tobacco in many forms. They prefer "Bull" Durham in fresh, hand-made cigarettes above all—because of the supreme tobacco satisfaction and wholesome, lasting enjoyment insured by "rolling their own."

"Bull" Durham is distinguished from all other tobaccos by its wonderfully pleasant, unique aroma. This fresh fragrance is combined in "Bull" Durham cigarettes with the most delightful mildness, mellowness and smoothness—a smoke of unusual character.

**FREE** An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.

ESTABLISHED IN 1820.

Entered at Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 3, 1879.

He's armed without that's innocent within.—Pope.

Few things are impossible to diligence and skill.—Samuel Johnson.

From the slick way the college men have with the girls, it seems fitting that they are called Bachelors of Arts.

The Sunday school picnic is never a complete success unless the supply of ice cream is sufficient for all the kids to get sick on.

Another purpose for which that college Commencement gown is very serviceable is to use as a duster on a long motoring trip.

A dispatch states that President Wilson was lost in Vermont while motoring, which may mean simply that he got out of sight of the newspaper reporters.

If the millionaires at the summer hotels don't know how to talk grammatically, they can always ask the impetuous college students who are waiting on table.

Henry Ford's farm tractor won't seem thoroughly practical to the boys until he gets it so it will stow away under the eaves in the barn.

The fact that there are 8,924,056 unmarried women in the United States is more likely to prove a shortage in the quality of men rather than in the quantity.

If you don't own a flag, buy, borrow or beg one and throw it to the breeze next Monday. The Fourth this year ought to be a most glorious one.

The large number of public speakers roaming about the country suggests that a lot of people have read the newspaper item stating that Mr. Bryan can make \$150,000 a year by lecturing.

The grown up method of celebrating the nation's birthday used to be to run as far away from the small boy as possible. That, however, was before Newark joined the "safe and sane" celebrators.

Everybody is invited to join in the celebration of the Nation's birthday at White Athletic Field next Monday. An interesting program of speeches, music, marching and athletic sports has been arranged for the occasion.

A trip through Licking and adjoining counties these days makes all of us want to be farmers. A bountiful harvest is at hand and prices for farm products are high. It's not surprising that the agriculturists are riding in automobiles.

TAKE A LOOK IF YOU HAVE TIME

The man who eats with his knife creates comment in some localities. And the man who eats with his fork creates comment in others.

It cost Tobie Tobias \$25 to carve his wife. It never pays to be a tight-

July 2 In History.

1044—Battle of Marston Moor, England; decisive victory of Cromwell's army over royalists led by Prince Rupert.

1831—President Garfield shot in Washington by Charles J. Guiteau.

1914—Right Hon. Joseph Chamberlain, noted figure in British politics and industries, died; born 1836.

ASTRONOMICAL EVENTS.

Evening star: Mars. Morning stars: Jupiter, Saturn, Mercury, Venus. Earth at greatest distance from the sun.

Newark Merchants Enjoy Trip To Perry and Fairfield Cos.

The trade extension trip taken by members of the Newark Merchants' Association yesterday included a visit to Linnville, Jackson town, Thornville, Somerset, Rushville, West Rushville, Pleasantville, Thurston, Millersport and Buckeye Lake.

Rain prevented a visit to Glenford and made it necessary to shorten several of the stops during the afternoon but notwithstanding the storm, yesterday's trip proved to be very enjoyable and very successful. The merchants traveling in automobiles passed through a highly productive agricultural section. Wheat cutting was in progress. Very little wheat had been blown down by the storms of recent days. The timothy and oats fields never looked better and everywhere the corn was making a fine showing in spite of continued rain. If the farmers are able to harvest their crops prosperously it is at hand for the people all through the section traversed by the Newark party yesterday.

The longest stops were made at Thornville and Somerset. The Newark men were so delighted with the hospitality shown them in both of these towns and were so favorably impressed by the appearance of Thornville they could hardly be dragged away. Thornville has only about 600 inhabitants but every one of them takes pride in the appearance of the town. The stores would be a credit to a place much larger. It is a hustling and thriving community and everybody in Thornville appears to be happy and prosperous. Solomon Rouseley who was postmaster of Thornville for 12 years, told the Newark men that he had handled "tons of Advocates" through the Thornville postoffice. Frank Caine who operates the Rutledge Bros. store in Thornville was glad to meet the Newark men.

The Ohio Light and Power Co.'s new high tension lines pass near Thornville on the way to Lancaster carrying Newark-made electricity through Perry and Fairfield counties. This line was recently completed and it is probable that Thornville will soon put on city airs by making the electric lamp take the place of coal oil and natural gas.

The streets of Thornville, Somerset and Rushville like those of Alexandria, Hebron and other towns previously visited, are oiled and pride is taken by the residents of the villages in the appearance of lawns, streets and homes. It would be a good thing for some of the people of this city to visit some of these thriving towns near Newark just for the inspiration such a visit will give.

After an especially good chicken dinner with all the trimmings at the old American House in Somerset, the Newark men inspected the splendid monument erected to the memory

of Sheridan in the public square and there accepted invitation to a smoker at Mr. and Mrs. Jesse R. Walters' delightful home.

Mr. Walters, proprietor of the Arcade Hotel, Newark, expressed his pleasure in receiving his Newark friends and then introduced Mr. Randolph Fountain who extended the "Keys of the city." Mr. Fountain spoke in a happy vein and expressed the hope that the movement to complete the pike to Thornville would succeed. "We now have only five miles of unimproved road between Somerset and Newark," said Mr. Fountain, "and when this bit of good road is completed we shall be only an hour from the capital of Licking county."

General Phil Sheridan was born at Somerset in 1831. He died in 1888. In his memory a magnificent monument has been erected in the public square of Sheridan's boyhood home and the whole town unites in paying tribute to the gallant soldier.

"Let justice be done if the Heavens should fall," reads an inscription on the public building facing the Sheridan monument. One of the wags in the party observed that this may have been the reason the county seat of Perry county was removed from Somerset to New Lexington a few years ago.

Somerset is preparing for its Chautauqua, July 30 to August 4, the headliners being Captain Hobson, Tom Corwine, Ye Old New England Choir, Mohammed Ali, Dr. Geo. L. Cole. A dozen entertainments constitute the Chautauqua program.

A Holy Trinity garden party is scheduled for the Rosary Press lawn on July 4.

Rain detained the party in Somerset so that the stops at other points were shortened but the stay was made very pleasant through the hospitality of Mr. and Mrs. Walters.

Three weeks ago the merchants visited the northwestern section of Licking county. The following week they went to the western end of the county. Next week they plan to go east and north.

Elvin T. Tabler, Frederick Connell and Goddard Chase accompanied the party yesterday as buckers. Those who represented the Merchants' Association on this trip were Messrs. A. R. Lindorf, W. H. Mazy, W. L. Mazy, R. W. Theis, Wesley Montgomery, P. G. Applegate, T. A. Bazzler, J. A. Kidwell, H. H. Leist, B. G. Nethers, A. S. Stephan, J. R. Speck, H. N. Robinson, T. F. Coulter, J. P. Callender, H. H. Harris, E. M. Fletcher Ray, H. Suttles, G. E. Besanency, C. W. Hoover, Charles E. Root, Fred L. Jones, C. H. Spencer, C. K. Krieg, J. V. Hass, Edw. McDonnell, T. J. Evans, H. L. Loar, W. H. Smith, C. D. Pope, G. C. Ditter, Frank Kusters, J. H. Walters, Marion Besanency.

spent Sunday with J. H. McBride and family.

Miss Kittie Mason spent the weekend with relatives in Newark.

Mrs. J. D. Holcomb visited her daughter, Mrs. Stewart McNaughten and family near Reynoldsburg last week.

PLEASANT CHAPEL

Rev. Mr. Dear filled his regular appointment at this place, Sunday, and preached a powerful and effective sermon to an appreciative audience. He also announced that the ordinance of baptism would be administered to those who desired, on Saturday July 10, at 2 o'clock.

Prof. A. S. Warman and bride, who returned from their wedding trip to Niagara Falls, were given an old-fashioned serenading Saturday night, and a reception and dinner on Sunday at the home of the groom's parents, Mr. and Mrs. Elias Warman. Following guests being present: E. E. Warman and daughters, May, Ethel and Mary, and sons, Earl and John; Mr. and Mrs. J. F. Warman, Mr. and Mrs. W. E. Warman and sons, Walter Lester and Lawrence, and daughter Gladys; Mr. and Mrs. Homer Warman and daughters, Helen, Bertha, and son Walter; Mrs. Catherine Neibarger, Mr. and Mrs. Elias Warman, Miss Christian Neibarger, and Mr. and Mrs. Aaron Warman. All join in wishing the bride and groom a prosperous and happy journey through life.

Mr. and Mrs. Roderic were called to Thornville, Thursday evening, to attend the funeral services Friday, of Mr. Roderic's half brother, Mr. Miller.

Mr. and Mrs. Ollie Irwin of Newark, were calling on relatives and friends here Sunday.

Miss Fern Neibarger is attending the six weeks' school in Athens. Jout Neibarger and sister, Miss Sadie, and Miss Florence Crawford were calling on relatives Sunday afternoon.

Mrs. Elizabeth Vermillion and son Fred were guests of the former's daughter, Mrs. Lizzie Roderic, Monday night.

Miss Myrtle Neibarger and Master Harold Wise are confined to their homes with the measles.

Mr. and Mrs. Ames Claggett and daughter Eva, and Richard Rian, were entertained at church, Sunday, by Mr. and Mrs. Richard Seglar.

Mr. and Mrs. James Mantonya and sons Dean and Harold, were entertained after church by Mr. and Mrs. Jeff Smith, Sunday.

Quite a number from this place attended children's services at Brushy Fork, Sunday night.

Farmers are busily engaged in reaping the golden grain.

Mr. and Mrs. Frank Drumm and Mrs. Z. W. Leamon and family called on Mr. and Mrs. Ernest Drumm and family, Sunday afternoon.

Mrs. George Morrison and Miss Margaret Irwin called on Mr. and Mrs. Worth Jones, Monday afternoon.

Pointed Observations

The London Times says the government should warn the people that the struggle is likely to be long. As we recall it, Lord Kitchener intimated as much ten or twelve months ago.—Chicago Herald.

There seems to be quite a controversy as to where the G. O. P. was born. Likewise, it remains to be settled whether it is now dead.—New York World.

A telephone girl is a belle. A sort of electric belle.—Philadelphia Record.

Mr. James Mann is entitled already to feel gratified over the results of his denunciation of the Lusitania note. The Staats-Zeitung remembers that as "the leader of the Republican party" he is mentioned as a future Presidential candidate.—New York Evening Post.

When the President can sleep through so disturbing a happening as his grandson's crying in the night his nerves must be in as good shape as his nerve.—Indianapolis News.

It begins to look as if General Huerta's only chance to do a little more dictating were to employ a good stenographer or get a job as an apartment-house janitor.—Chicago Herald.

SUMMIT STATION

Mrs. C. B. Foster and daughter Daisy spent Sunday with Mr. Elmer McNaught and family of Frazeysburg.

The members of the Men's Bible Class of the First M. E. church of Columbus, motored to Lancaster, Sunday to visit the Men's Bible class of the First M. E. church of that place. The Lancaster class has a membership of over one thousand. S. B. Besse and son Samuel were among those who visited the school.

Mr. Grant Wilson and family and Arthur Wilson and wife of Condit spent Sunday with Miss Nettie and Stanley Wilson at this place.

Mrs. Arthur Hanna and lady friend, Miss Florence Keely of Vanburen, are visiting the former's father, Mr. William Greenwood, also Mrs. Bertie Freeman and children of Galena are visiting her father, Mr. William Greenwood.

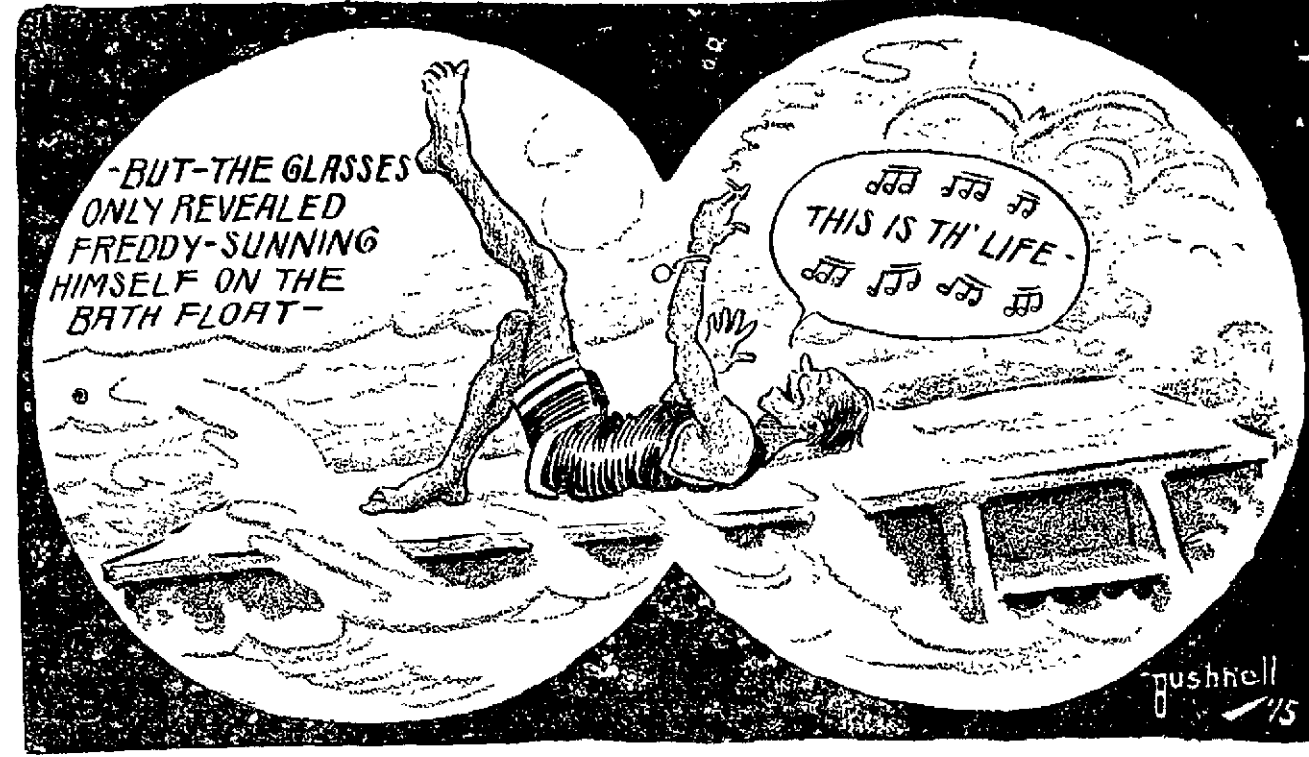

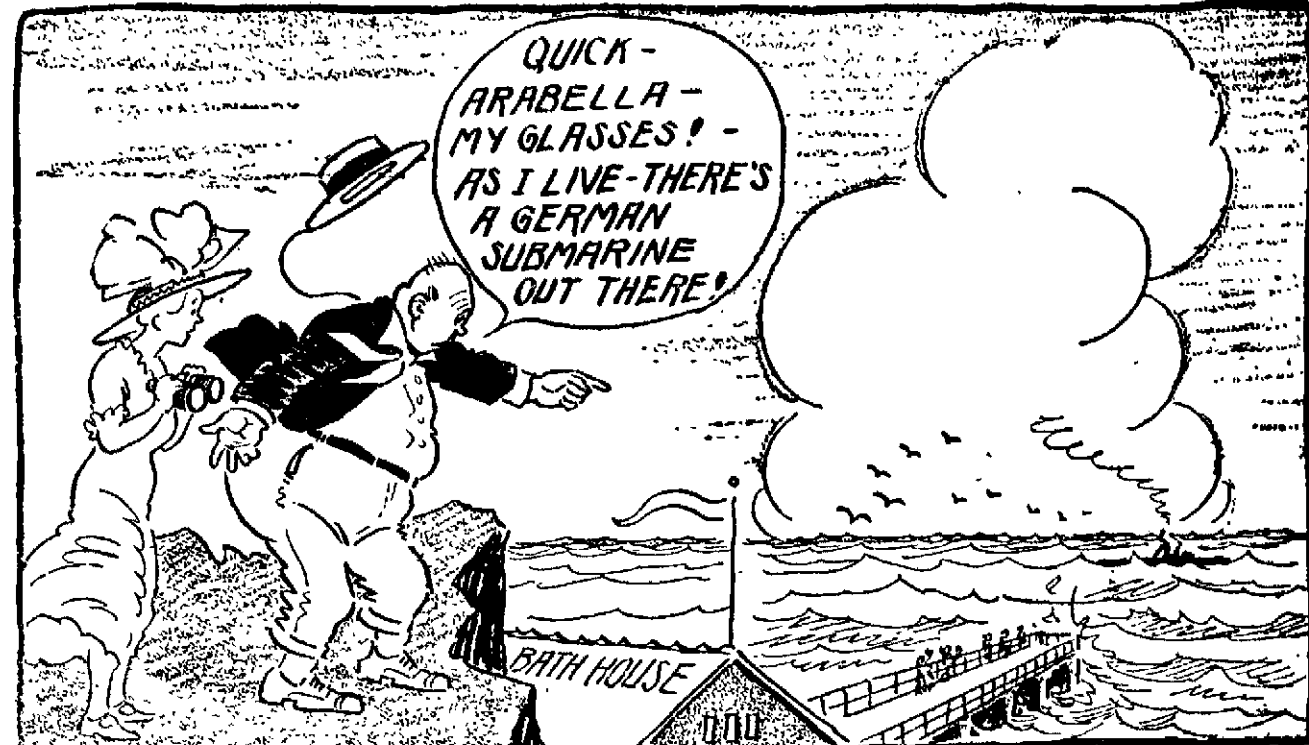

James Cotton of Newark spent Sunday with Mr. Isaac Einsabaugh and family.

Those on the sick list are: Mr. David McIntosh, who is quite poorly; Mrs. G. W. Beem, Mrs. Lane, and Mr. Isaac Dixon, who fell some time ago, striking his head on a box, cutting a bad gash, which still troubles him. Also Mr. Sylvester Jacques, whose death is momentarily expected, as he has been poorly for some time, and his age is against him.

Mr. and Mrs. Philip Krumm of Columbus spent Tuesday with relatives here.

Mrs. Frank Fribley of Columbus

A SUBMARINE SIGHTED OFF THE COAST OF MAINE, BUT—

Uncle Walt

INDUSTRY.

How doth the busy little bee improve each shining hour! It money takes from every tree, and keeps it till it's sour. Ah nothing hinders, nothing queers its labors here below: it does not always cock its ears, to hear the whistle blow. Wherever honey is on tap, you see the bumbler climb; for shorter hours it doesn't scrap, nor charge for overtime. It's on the wing the livelong day, from rise to set of sun, and when at eve it hits the hay, no chore is left undone. And when the bumbler is possessed of honey by the pound, bad boys come up and swat their nest and knock it to the ground. The store they gathered day by day has vanished in a breath, and so the bees exclaim, 'Fool play!' and sting themselves to death. There is no sense in making work a gospel and a creed, in thinking every hour will spoil that knows no useful deed. No use competing with the sun, and making life a strain; for bees and boys—must have some fun if they'd be safe and sane.

WALT MASON.

CONCORD

Miss Zella Kasson visited at the home of her brother, Ray, near Johnstown, the first of the week.

Mrs. Will's Adams and little son, Kenton, spent Thursday at the home of her parents, Mr. and Mrs. F. M. Jones, near Alexandria.

Clarence Wright spent Sunday with his parents, Mr. and Mrs. John Mark Wright, near Johnstown.

Mrs. Mary Hannah of Granville, spent the first of the week at her farm here.

(Political Advertisement.) ANNOUNCEMENT OF CANDIDATES FOR CITY OFFICES

The primary election under the provisions of the law will be held in the city of Newark on Tuesday, August 10, 1915, each political party holding its primary for the nomination of candidates on the same day under the control of the Deputy supervisors of elections.

The following candidates for Democratic nominations for city offices are announced subject to the decision of the Democratic party at said primary:

Mayor.  
F. M. SWARTZ.  
ROBERT ROSSEL.  
C. D. LAKE.  
W. A. STEWART.  
FRANK E. SLABAUGH.  
MACK MOSSMAN.

Auditor.  
WM. F. WULFHOP.  
JOSEPH J. STOCK.

Treasurer.  
HAROLD G. FRANKLIN.

President of Council.  
J. PHIL BAKER.  
WALTER JACOBS.

Council.  
Ward 3—ED. M. STREIT.  
Ward 2—WM. J. SHIELDS, SR.  
Ward 6—W. W. LITTEEN.  
Ward 6—DICK CURRY.

BITS OF BY-PLAY

LUKE M'LUKE

Copyrighted, 1915. The Cincinnati Enquirer

The Wise Fool.  
"Necessity is the mother of invention," quoth the sage.  
"I always thought it was laziness," commented the fool.

Enough Well.  
The man who dug wells said: "I vow I've taken out ten tons of stone. This well is plenty deep, so now I'll just leave well enough alone."

Sure!  
"You can't fool all the people all the time," remarked the old fogey.  
"You don't have to," replied the grouch. "You can get rich fooling half of them half the time."

Pterrible!  
Beware the ptermine or you'll die, No ptermine fool for me!  
I'd like to have some ptermine, but I will stick to peas and peas.

The Byplay Minstrels.  
"Mister Interlocutor, can you tell me the difference between an astronomer and a man who is on the top floor of a skyscraper?"  
"No, Mr. Tambo, I cannot. Will you tell us the difference?"  
"One stares up and the other's upstairs."

"As soon as the lynchers will permit us to remove the body of the unfortunate Mr. Tambo, Signor Ilunko Cheesc will render that beautiful ballad, 'Take Off Them Heavies, Egbert, For Them Winter Days Has Went.'"

Wuff!  
The thick paint on her lips we see, A kiss from her would sicken;  
She thinks she looks real chic, but we think she looks like a chicken.

Disposing of the Remnant.  
About seven weeks ago Luke used this in column:  
Dear Luke—Take time to admit Ima Remnant of this city. Being only seventeen years old and pretty, she is not on the bargain counter yet.—Mrs. C. E. O., Martin's Ferry, O.

And this week we find the following in the Martin's Ferry (O.) News:  
Word has been received here of the marriage of Miss Ima Remnant and Walter Loyd, both of Martin's Ferry, which took place in Cleveland.

Names Is Names.  
Ruben Haysede is a farmer who lives at Alderson, W. Va.

Thanx, but We've Just Had a Bath!  
A good washwoman can be found at No. 531 Anderson street, east, man, woman washing.—Ad. in Savannah (Ga.) News.

Things to Worry About.  
An aeroplane travelling sixty miles per hour would be 40,000,000 years reaching the nearest fixed star.

Our Daily Special.  
Don't let your hat get too small. Remember that no man is indispensable.

Luke McLuke Says:  
Once in awhile friend wife spends so much time making the dining room look cheerful that she hasn't anything fit to eat when friend husband gets home.

Cocoanut water has been found in Ceylon to be a valuable coagulant of rubber.

If the married women in this country knew all of the things that their husbands keep secret the newspapers would not have space for the rest of the war news.

The reason a man has time to sit around the house for six months and put some color into the cheeks of a calabash pipe is because he hasn't time to put some color into his wife's cheeks by taking her out for a six minute walk.

A corn fed girl will spend several years trying to be graceful. But every time she sits down she acts as if she was afraid something would bust.

If some of the smartest men in the world hadn't made mistakes while trying to follow a set rule a lot of the most useful discoveries might still be lost to the world. So there is hope for you even if the boss did bawl you out because you made an error.

After you size up some husbands you wonder how the Halifax their wives ever beat the fool killer to what they harnessed up with.

You can't always tell. Maybe the fellow you imagine is grouchy is merely silent because he does not believe in talking when he has nothing to say.

The reason why father always remembers to empty the pan under the icebox before he goes to bed is because mother gets mad every time he tries to make her accept enough money to purchase a new hat.

Any princess whose waist is as big around as her hips can tell you that large hips are vulgar.

When a woman is wrong she is always the last one to find it out.

The old fashioned boy whose mother used to tie a piece of fat bacon around his neck when he had a sore throat now has a son who pays a throat specialist a hundred bucks and learns that he has laryngitis and must spend the summer in the mountains.

Why is it that the tiresome man is also tireless?

UNION STATION

Mrs. Russell Kyle spent Tuesday with relatives in Columbus.

Mrs. George Drumm and son Vernon, of Newark, visited Mrs. N. I. Weekly and family, Tuesday and Wednesday.

Raymond Weekly, Miss Pearl Weekly, Mrs. Guy Carlyle and Mr. and Mrs. Zane Drumm spent Sunday at Cedar Point.

Mrs. Zona Harris was a Newark visitor Tuesday.

Miss Pearl Weekly spent Monday and Tuesday with her sister, Mrs. George Drumm at Newark.

Mr. and Mrs. Claude Wilson and son Claude, and daughter Evelyn, of Uhrichville, are visiting the latter's parents, Mr. and Mrs. James Wcare.

Mr. and Mrs. George Drumm and son Vernon, of Newark, spent Sunday with the former's parents, Mr. and Mrs. Samuel Drumm of near here.

Mrs. Gale Guno and daughter Eleanor and son Graden of Granville, called on Mrs. John Carlyle, Thursday afternoon.

Preaching at this place next Sunday evening at the regular hour.

# ELECTRICITY WEEK

## A Cordial Invitation Is Extended To All Newark To Attend The ELECTRICAL DEMONSTRATION

At Our Office, 35 N. Third St., from July 3 to July 10 Inclusive--2 to 5 Daily

Refreshments will be served each afternoon from our ELECTRIC KITCHEN, which will be presided over by Mrs. Beatrice Crook, an expert in domestic science.

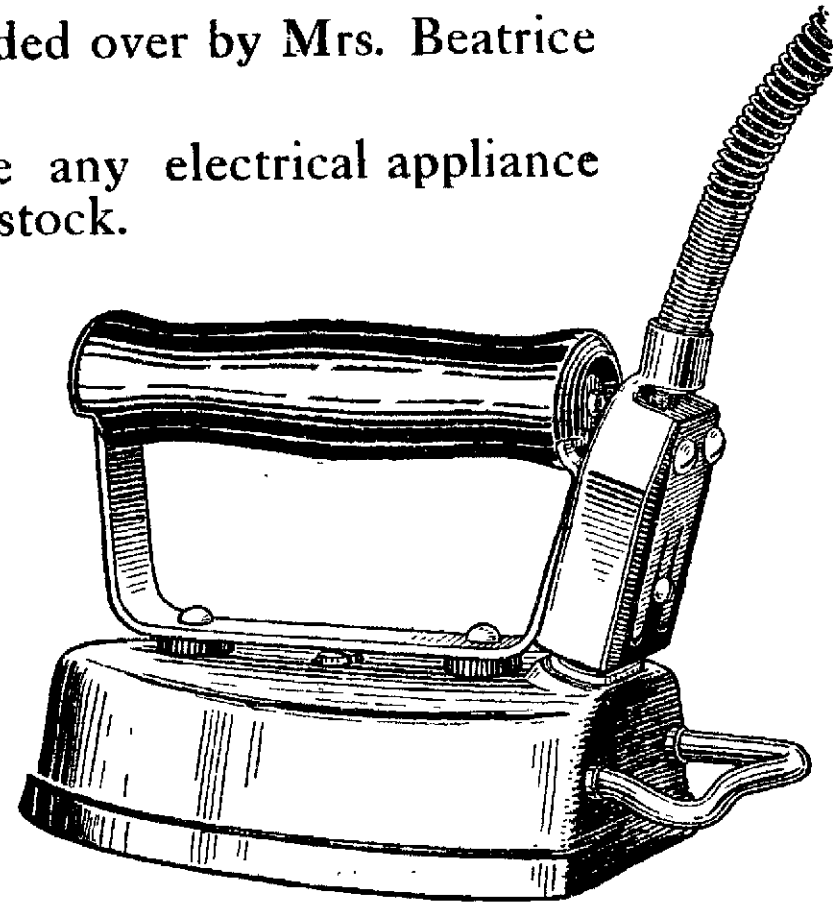

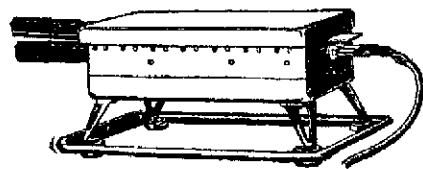

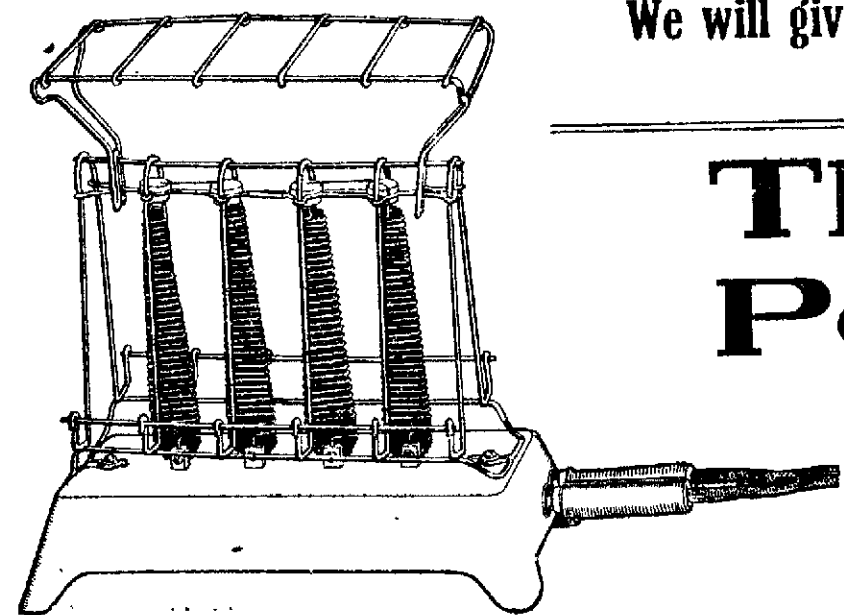

During the next week one of our representatives will call at every home in Newark to demonstrate any electrical appliance which you might wish to see. Watch for him and make a selection from his stock.

We will give away absolutely free of charge some useful electrical appliance each day of the demonstration.

COME AND BRING  
YOUR FRIENDS

COME AND BRING  
YOUR FRIENDS

### ENGINEER HAS LONG SERVICE WITH RAILWAY

H. W. Williams, veteran engineer and well known citizen of Springfield, has completed forty years of train service on the Sandusky division of the Big Four lines, a record that stands without parallel on the road.

Superintendents, master mechanics, train masters, and other officials have come and gone during Mr. Williams' long period of service.

Most of the service of Mr. Williams has been between Springfield and Sandusky and he is known to every ticket agent along the road, to hundreds of the traveling public and to all the railroaders.

For several years Mr. Williams piloted the Detroit express from Springfield to Toledo, but when the terminal of the division was changed to Bellefontaine he went back on the Sandusky division.

Mr. Williams started railroad work on the Vermont Central line in 1879 and June 26, 1887, he took a position with the Big Four as an engineer. In all that time he has only missed one day, being faithful to the trust that has been reposed in him.

Mr. Williams has never killed anyone and he has a record of never being in any wrecks. He handled many Presidents over the road when they were making political campaigns, among the number being Grant, Garfield, Hayes, Harrison, Cleveland McKinley and others.

### FURIOUS ATTACK OF GERMANS IS TO BE REPEATED

Paris, July 2.—The furious German attacks in the Argonne by an entire army corps with the object of breaking through the French line in the hope of reaching Verdun, will be repeated, according to Lieutenant Colonel Rousset, military critic of the Petit Parisien. He asserts successive attacks have not discouraged the Germans and that they will continue their efforts to gain control of this hilly forest region called the "Thermopylae of France."

Lieutenant Colonel Rousset and other military writers agree, however, that the French forces have made such preparations as to insure the failure of all efforts on the part of the crown prince's army.

### WILLIAMS AND CHURCH TO PLAY IN TENNIS FINALS

Pittsburg, July 2.—The clay court tennis championships were continued yesterday on the P. A. A. courts when the men's singles were narrowed down

to the final match, which will take place this afternoon between George M. Church of Princeton and N. Norris Williams of Harvard.

The former defeated W. M. Washburn in the semi-finals in three straight sets, 7-5, 7-5, 6-2, scoring 11 points to his opponents' 33 in the first set, 27 to 22 in the second, and 23 to 22 in the third. Williams won from N. W. Niles of Boston in three straight sets, 6-4, 6-4, 6-2. The winner scored 16 points in the first set, 17 in the second, and 31 in the third, while Niles scored 41, 41 and 21 in the three sets.

### LYNCHING

OF NEGRO FEARED AND PENNSYLVANIA GOVERNOR REFUSES REQUISITION

From South Carolina to Return Him to That State For Trial For Murder.

Philadelphia, July 2.—Governor Brumbaugh, it was learned today, has withdrawn a requisition warrant issued by Governor Tener in 1913 for Fred Brown, a negro wanted in South Carolina on a charge of murder after representation had been made that the prisoner would be in danger of lynching if returned to the southern state.

Counsel for Brown has made extraordinary efforts to keep him out of South Carolina. After his arrest several years ago, his counsel pleaded that if Brown were returned to that state he would be in danger of lynching. In support of his plea he quoted public utterances of Cole Blaise then governor of South Carolina. The requisition was finally issued by Governor Tener and Brown's counsel carried the case through all the United States courts to the supreme tribunal which sustained the lower courts in refusing to interfere.

In asking for the withdrawal of the requisition by Governor Brumbaugh, counsel cited incidents in connection with the Frank case in Georgia and a recent lynching in South Carolina. A hearing in the case will be given by Governor Brumbaugh next week.

### MURDERER PAYS DEATH PENALTY AT SING SING

Associated Press Telegram.  
Auburn, N. Y., July 2.—David Dunn, 29 years old, died in the electric chair here today for the murder of Harry T. Edwards, an express agent in Corning, February, 1914. An eleventh hour effort to obtain a respite because of belief in Dunn's insanity failed. Dunn had become reconciled to his fate and met death without flinching. While in prison he contributed considerable knitting work to a collection for Polish war sufferers.

The crime was unusually brutal and Dunn's arrest came as the result of knocking down a telephone receiver. He had gained access to the express office and after shooting Edwards in an effort to get money he knocked down the receiver. The telephone girl in her effort to learn why the receiver was down discovered the murder and notified the police who arrested Dunn in bed in his home not far from the scene.

### "TRAITORS"

IS TERM APPLIED TO ALL  
CZECHS BY EMPEROR FRANZ  
JOSEPH

Parliamentary Leader of That Nationality Was Arrested On Charge of Espionage.

London, July 2.—The Czech parliamentary leader, Dr. Kramarz, and Dr. Schreiner, head of the Bohemian gymnastic organization were arrested at Prague on May 22, charged with espionage and maintaining friendly relations with the Italian consul, according to the Times. The only compromising documents found in their possession are said to have been copies of a Czech review published in Paris.

The Times asserts the two men are imprisoned in Vienna, although false reports of their liberation have been spread officially in the hope of influencing the Czech party to disavow its arrested leaders is reported to have resulted in Archduke Frederick, commander-in-chief of the Austrian army, addressing to Emperor Francis Joseph a report denouncing all Czechs as traitors. The Times article contains the statement that several Czech regiments have deserted to the Russians and Serbians.

### PREMIER PITCHER FATHER OF SON DIES LAST NIGHT.

Associated Press Telegram.  
Washington, July 2.—Walter Johnson, premier pitcher of the American baseball league hurried home this morning from New York to see a baby boy which was born during the night. Mrs. Johnson is a daughter of Congressman E. E. Roberts, of Nevada.

### TRANSFER

OF \$7,230,000 WORTH OF REAL ESTATE BY WILL OF WM. W. ASTOR

To His Youngest Son, Said to Be Largest Bequest Ever Recorded in New York.

New York, July 2.—Deeds recording the transfer of \$7,230,000 worth of real estate from William Waldorf Astor of England to his youngest son, Captain John Jacob Astor, on file here, were declared today to constitute the largest gift of real estate by bequest ever recorded in New York City.

The gift included half of the old Astor House, the other half of which was torn down two years ago, and two office buildings in the financial district.

Captain John Jacob Astor, by this gift, becomes one of the largest real estate holders of Manhattan Island. He joined the English army several years ago and went to the front with the British troops early in the war as captain of the First Life Guards. It was reported that he was wounded in a battle in France last October. A few years ago William Waldorf Astor placed property in New York assessed at more than \$6,000,000 in trust for his elder son, Waldorf Astor.

# 29c - Derma-Viva and Powder All For - 29c

- IT WHITENS THE SKIN AT ONCE

A 50c bottle of Derma Viva Liquid Powder and a 50c box of Derma Viva Dry Powder — all for 29 cents.

If your hands or arms have become brown and dark from wearing short sleeves, if your neck is streaked from wearing a collar, we ask that you purchase one bottle of Derma Viva and note the marvelous results. Apply with damp sponge and wipe dry. Your skin at once becomes beautifully white, the oily look is gone, and the skin is as clear as an infant's. There is positively no powdery look—nothing to show but a clear, white complexion.

Thousands of women the country over use and recommend **Derma Viva**, and we are sure the women of **Newark** and vicinity will appreciate this wonderful beautifier, using it regularly when they recognize the marvelous results obtained from one application. 50c. bottle for 29c and box **Powder** free during this sale.

## MOTHER OF SCHOOL GIRL

**Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.**

Plover, Iowa.—"From a small child my 12 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## BRIDE

OF THREE WEEKS WAS A MEMBER OF GRADUATING CLASS ON JUNE 10

Pretty Romance Culminated in Marriage of Two Newark Young People on May 22.

Announcement is made of the marriage of Miss Ruth Robinson and John W. Parkison, on May 22, 1915, at Newport, Ky.

Mrs. Parkison, a bride of three weeks was graduated June 10th with the class of 1915, her parents alone among her friends sharing the secret.

The bridegroom was a graduate of Newark High school in 1898. He has been a letter carrier on West Locust street for the past nine years, and the acquaintance thus formed has culminated in this romance.

The marriage was planned and carried out without the knowledge of friends though many have been suspecting such a ceremony for a year or more.

The bride is the daughter of Mr. and Mrs. John O. Robinson, of 209 West Locust street, while the bridegroom is the son of the late Wm. Parkison, and Mrs. Kate Parkison.

They left Thursday evening for a trip to the lakes and through western New York and Pennsylvania, including Niagara Falls and Watkins Glen, N. Y. They will return about July 15 and will be at home to their friends at 309 West Locust street.

Mr. F. G. Williamson, advance man for the Redpath Chautauqua, is here to launch an extensive advertising campaign for the seven-day program July 30-August 5. He has delivered to the local committee 1,000 season tickets and "For Sale Here" cards will be placed in several business places where tickets are to be sold.

During the next few days the local committee will wage a strenuous campaign. The coupon books used by the Redpath Company in previous years have been abandoned and the 1915 season ticket is a single piece of handsomely decorated cardboard, on the commutation plan.

During the few days that he is here Mr. Williamson will put up dates announcing the Chautauqua, and distribute window cards showing the talent to appear here.

Incidentally, this season's souvenir programs are far superior to anything of the kind ever used on a Chautauqua circuit. Two hundred and fifty of these programs have been left with the local committee and within the next two weeks a much larger supply will be ready for general distribution.

Another advance man will arrive here nine days before the Chautauqua. He will remain until the opening day and will distribute Chautauqua hats, window cards, programs, auto pennants, dates and banners, and other advertising matter.

The Chautauqua program as outlined, reveals an array of brilliant and interesting attractions, and a great week is anticipated in Newark.

## PRELATE SHOWS SUDDEN CHANGE FOR THE BETTER

[ASSOCIATED PRESS TELEGRAM] Rochester, N. Y., July 2.—Continued improvement in the condition of James Edward Quigley, Catholic archbishop of Chicago, who is critically ill here at the home of his brother, Chief of Police Joseph Quigley, was announced this morning. Temperature and pulse were better and the prelate's mind was clear. Physicians in attendance make no secret of the fact that they are baffled at the change which set in late yesterday afternoon a few hours after the patient suffered a second of paralysis and regard it as either marking a chance for recovery or the forerunner of a second collapse.

## VALUABLE HORSES OF VANDERBILT TO BE PUT ON SALE

[ASSOCIATED PRESS TELEGRAM] New York, July 2.—Prize winning show horses owned by the late Alfred G. Vanderbilt, president of the National Horse Show Association, who lost his life in the sinking of the Lusitania by a German submarine, will be put on sale here within a few weeks, according to an announcement today. Thirty-four horses, some of them noted winners and including novice hackney harness horses, imported from England by Mr. Vanderbilt but never exhibited here, are in the first consignment to be sold. The animals were in training when Mr. Vanderbilt left New York.

## IN MAYOR'S COURT.

In the Mayor's court this morning Walter Spickler and Earl Rouse, waived examination and pleaded guilty to stealing some chickens. They were fined \$25 and costs and were given 50 days in jail.

Spickler has recently come back from the reformatory and Earl Rouse is under a suspended sentence to the Reformatory.

There were three drunks in court this morning. They were fined \$5 and costs.

NEW SUPERINTENDENT. Word from Pittsburgh announced definitely that Otto Schroll, superintendent of the Toledo division, Central system of the Pennsylvania lines west, would succeed W. M. Wardrop as superintendent of the western division. Mr. Wardrop will leave for Newcastle, Penn., to assume his duties on the Erie and Alliance division and Mr. Schroll began work Thursday.

## Be Healthy, Happy, Vigorous

Trembling, Nervous Prostration and that Tired Feeling Vanish after a Treatment of Ambition Pills.

Every run down, weakened, tired out nervous person in Newark is invited to go to T. J. Evans this very day and get a 50 cent box of Wendell's Ambition Pills.

And T. J. Evans and dealers everywhere are authorized to refund the purchase price to every buyer if he is dissatisfied with the first box purchased.

Don't delay; Thousands have regained vigor, ambition and energy by the use of one box of Wendell's Ambition Pills.

Get them and take them for any nervous trouble, weakness, headaches, hysteria, neuralgia, exhausted vitality, sleeplessness, kidney, liver or stomach ailments, and for constipation. They will make anyone feel fine, happy and vigorous in a few days. Mail orders filled, charges prepaid, by The Wendell Pharmacal Company, Inc., Syracuse, N. Y.

## HUNDREDS ENJOY A FINE CONCERT BY BUCKEYE BAND

The Buckeye band gave an enjoyable open air concert last evening from 7:30 until 9 o'clock in front of the Carroll store in West Park Place. A delightful program was rendered by twenty-four members of the band under the directorship of Frederick Abbott and it was enjoyed by hundreds of people who massed around the musicians and others who occupied autos and buggies in the near vicinity. These popular concerts will be continued at intervals throughout the summer months.

The band boys have arranged for a band concert and lawn fete to be given at the Sherwood Park, corner First and East Main streets, on the evening of Wednesday, July 14. Ice cream and cake will be served and the boys are selling tickets at ten cents each. They are deserving of liberal patronage and it is to be hoped will realize a substantial sum from the affair.

It is said that an effort will be made by a number of men who are interested in the band's welfare, to secure them funds for new uniforms. The matter has not yet taken tangible shape but in all probability a subscription paper will be circulated among the business and professional men and the clubs and fraternal societies of the city, so that every one who is interested in having a good band for the city, may contribute should they desire to do so. A good band is a big asset for any city and it is the desire to have the boys appear in natty and up-to-date uniforms.

## To Have Wavy Hair Like Nature's Own

Here's a brand new recipe, of unquestioned merit, that I advise you to make note of, unless you are one of the few possessors of naturally wavy hair. It's very simple, for all you need do is to apply a little liquid shimmering at night—with a clean tooth brush—and in the morning you will find this hair dried in the sweetest curls and waves imaginable. They will be just like Nature's own, having no resemblance to the effect produced by a hot iron, which is so obviously artificial. The application is really beneficial to the hair and gives it that lively lustre so much desired. As it is so easy to obtain a few ounces of the liquid shimmering from your druggist—sufficient to keep the hair curly for many weeks—there's no reason now for putting up with either that straight, contrary hair or with the curling iron nuisance.—Marie Demarest in *Pilgrim Magazine*.

## GIRL TO REMAIN IN COUNTY JAIL AT BUCYRUS, O.

Bucyrus, O., July 2.—Mabel Carter, 17-year-old Shreve girl, remains a prisoner at the county jail and faces confinement until the September term of court. Mayor Carl Babel yesterday certified in the case to common pleas court and Sheriff Stuckman is in possession of a warrant to hold her, so she will await trial in the fall.

The charge of murder not being bailable, the girl faces months of confinement. Prosecutor Kennedy advised Sheriff Stuckman to keep her in close confinement, but the sheriff and matron dislike to lock her up and she still has the liberty of the jail residence, where she assists Mrs. Stuckman with the housework.

The young mother, whose new-born babe was found strangled on a Crestline lawn, has quickly gained the sympathy of the sheriff and his wife and they may determine to allow her a certain amount of liberty rather than confine her in the narrow quarters of the women's cell.

## DIRECTORS MEET WHILE BANKER SHOT HIMSELF

[ASSOCIATED PRESS TELEGRAM] Annapolis, Md., July 2.—J. Marshall Canby, 31, treasurer of the Annapolis Banking and Trust company, committed suicide by shooting in his rooms at his club here last night.

At the same hour the directors of the trust company were in session at the bank waiting for Canby to appear to explain certain matters regarding his accounts.

An official of the bank said Canby's account would in no way affect the business of the bank.

Men, who are rogues individually are in the mass very honorable people.—Montequieu.

## C. E. WYETH

47 West Main Newark.

that is historical and that means atonement and the other is the Calvary within us. We are not Christians until we set the rough cross within ourselves, within our greed and vices. We must find out what we really are. We are not Christians until we know ourselves.

"When the Christian learns the passion of Christ he learns two things, first, life itself and sin. Christianity is a supremely reasonable thing. Sin is always a selfish thing. The greatest love in the world is the love of God who gave his only son to redeem the world. The principle of the cross is the sin of unselfish love.

"There is a mistaken notion abroad that Christianity means loss. It isn't a question of giving up but a question of gaining through giving up. You cannot have love without suffering, Christianity is not lopping on branches, it is giving out something. Love of mother for child means suffering. Suffering love is the secret of life. Love must have its own Calvary. The people who are the farthest from God are not the harlots and the bums, they are the selfish, satisfied people. We are too damnably prosperous."

Dr. W. G. Clippinger, president of Otterbein University, was enthusiastically received and Dr. Clippinger commented on the fact that he was the last speaker on the program and he told of the responsibility he felt. He told of the importance of the convention, of the wonderful and comprehensive program, of the great attendance and of the intensity of the conference.

Dr. Clippinger touched on the Christian Endeavor movement and said he did not think Christian Endeavor had nearly reached its possibilities. The real purpose of Christian Endeavor is a training school for the instruction for the Church of God. The Sunday school is instructional, and the Christian Endeavor was conceived by Francis Clark who wanted the young people to be so organized that they might become the church of tomorrow.

Christian Endeavor is in its infancy and like a child has its flourishes and fallings. It is up and down. The Sunday-school is for receiving the truth and the Christian Endeavor is the giving out of these instructions and inspirations. A good many of the societies have not discovered their real genius.

When Dr. Clippinger concluded time was given for the presentation

of an invitation for the 1916 convention. Portsmouth made a bid for the convention and this city was unanimously selected as the next convention city.

The banners were then awarded to the societies having the greatest number of points: The Newark East Main Street society having 1,725 points, the greatest number, received the conference banner; the Newark 10th Street society was next with 1,450; Logan was third with 1,375; Columbus Fifth Avenue was fourth with 1,350; Westerville, section a, fifth with 1,330.

Pleasant Hill received the rural efficiency banner and small pennants were awarded all societies having over 800 points.

Newly organized societies received banners.

The society having the largest increase in membership was Newark East Main street, with 149 and the rural society Mt. Zion with 40. Each received a banner.

An effort was made to raise \$300 to complete the \$1,000 scholarship fund, and a collection for that purpose was taken.

### NEW NATIONAL CENSOR MOVING PICTURE FILMS

(Associated Press Telegram)

New York, July 2.—Dr. Cranston Brenton of this city, and Hartford Conn., today assumed the duties of Chairman of the National Board of Censorship of Motion Pictures. His election to that office was ratified by the board yesterday. Dr. Brenton succeeds Frederick C. Howe, who recently resigned. He formerly was professor of English language and literature at Trinity College, Hartford.

### NEW CHURCH PIANO.

The Jacksonville United Brethren church, has just purchased from the R. I. Francis piano man of this city, a beautiful new piano for use in its church services; the instrument was taken out to that village this afternoon.

This church is just closing the most prosperous year of its history, and the little flock is happy.

The ladies of the church will give a social on the porch lawn Saturday evening, July 4th and hold its annual children's day on Sabbath evening, July 11th. Andrew S. Mitchell and wife of this city will speak at the children's day services on the 11th inst.

## CLOSING

### SESSIONS OF CHRISTIAN ENDEAVOR CONVENTION THURSDAY NIGHT.

Parade to High School Auditorium Where Debate Was Held. Resolutions Adopted.

Perhaps for years the Southeast Ohio C. E. convention has not excelled in interest the one that has been on here this week. About 300 delegates from all over southeastern Ohio, representing 101 C. E. societies of the United Brethren church, were present. The program was unusually strong and well carried out. The finest of spirit ran through the session of the convention, and a fellowship was enjoyed by the delegates and friends that was broken

MISS ILA GRINDELL, Of Westerville, Literature Secretary of the Southeastern Ohio District Christian Endeavor Society.

with regret when the closing hours came. Too much praise for the local success of the convention cannot be given to Rev. A. B. Cox and Rev. M. R. White, pastors of the two United Brethren churches in this city.

A climax in interest was reached last evening when a parade was formed at the East End U. B. church, headed by the drum corps of the Old Guard, who lead more than 300 in the procession to the high school auditorium to hear the Hall and Sumner debate. To have heard this is the only way to properly appreciate it. One could not imagine the liquor traffic to be more graphically set forth than done by these mastermen in their debate on "License vs. Prohibition." Those who did not have the opportunity of hearing them last night may hear it Sunday afternoon, 2 o'clock, July 11, at the high school auditorium.

The committee on resolutions submitted the following report: Be it resolved:

- (1)—That the Southeast Ohio Christian Endeavor Branch convention extend to Mayor Bigbee a vote of thanks for his courtesy in welcoming us to the city of Newark, O.
- (2)—That the Southeast Ohio Branch convention do herein express their appreciation of the efficient manner in which the members of the East Main Street and Tenth Street churches have opened their hearts and homes in giving such hospitable entertainment to the delegates and visitors attending this convention, and that special mention be made of the untiring efforts of Rev. A. B. Cox and Rev. M. R. White in making this possible.
- (3)—That realizing what a great privilege we have had in listening to the inspiring message of the speakers at this convention we ought to publicly acknowledge our appreciation of their excellent service in broadening our vision of God's kingdom and our relation to it.
- (4)—That the Southeast Ohio Branch convention do herein recognize the faithful and unselfish service of our president, E. H. Dailey, in advancing the cause of Jesus Christ through Christian Endeavor, and that we shall, collectively and individually inspire his life by words of praise and encouragement.
- (5)—That we heartily commend the manner in which The Newark Advocate and The American Tribune have boosted this Southeast Ohio Branch convention by the daily reports appearing in their papers.
- (6)—That we offer a prayer of thanksgiving and praise to God for permitting us to be present here in this beautiful city and at this inspiring convention and pray God's blessing to rest upon us in all our

Christian Endeavor work in southeastern Ohio.

FRED A. POWELL, Chairman Committee.

Thursday Afternoon.

The afternoon program was opened by a number by the male quartet, and the temperance rally which had been arranged for the afternoon program, was changed and was given at the High School Auditorium last evening, and replacing it the president introduced Rev. E. L. Burtner, pastor of the U. B. church at Westerville, who spoke on Tuesday on "Intercessory Prayer."

Today Rev. Mr. Burtner spoke on "What is It to Be a Christian?" "A Christian begins his new life at Calvary. It is there that he not only hears of the life of Christ but he feels it, so it is there that his life really begins.

### MOTHERS DEMAND TWILIGHT SLEEP AS THEIR RIGHT

(Associated Press Telegram)

Chicago, July 1.—"The demand by mothers for twilight sleep is but a part of the feminist movement," said Dr. Sarah M. Hobson of Chicago, at a meeting of the Obstetrical Society of the American Institute of Homeopathy, here today. Dr. Hobson, who is secretary of the institute, was discussing a paper on "The Technique of Twilight Sleep," by Dr. Florence Ward of San Francisco.

"The feminist movement calls for the opportunity of living in accord with evolution of the individual and society, rather than to be bound by tradition," continued Dr. Hobson. "Eve rejects the materialistic interpretation of the ancient theology, 'saved through child-bearing,' and is likely to reformat. If Adam were allowed a 'deep sleep' for an operation of a few minutes, I demand twilight sleep, forgetfulness of the anguish of 16 to 26 hours.

"The observant mother has always been the keenest critic of medical procedure. It was the critical mother who was prompt to charge the general practitioner with careless cleansing of the clinical thermometer, passed from mouth to mouth. It was the woman, both mother and club-woman, who made caustic comment upon the medical essayist who, although famous for surgical technique, moistened the finger with saliva to turn the pages of his manuscript."

The technique of twilight sleep, Dr. Hobson pointed out, comprises the following:

(1)—Environment of quiet, rejecting all external irritation of nerve centers.

(2)—Initial minimal dose of morphine or its derivatives.

(3)—Continued observation by a trained attendant.

(4)—A stable preparation of scopolamin.

(5)—Repetition of the minimal dose which will keep the patient in the zone of amnesia, that is, perception of impressions but no memory.

(6)—Individualization of the patient in order to maintain not absolute unconsciousness of pain, but a drowsiness, rousing during a pain to exert muscular contraction, but with no memory of the anguish.

"This is a narrow zone and demands a nicely of technique which forbids either spectacular exhibition or a hurried day of miscellaneous medical practice," said Dr. Hobson. "Infinite patience and painstaking attention mean time and money in order to give each patient the close observation, particular environment and correct minimal dosage necessary for the individual case."

Every man's life is a fairy tale written by God's fingers.—Hans Christian Andersen.

### Twenty-five Years Ago Today.

Haverhill, Mass., celebrated the two hundred and fiftieth anniversary of its settlement.

### Fifth Victim of Experiments With Gasoline Is Dead

(Associated Press Telegram) Pittsburgh, Pa., July 2.—Joseph Cienkowski, aged 22, died early today from burns received in a fire last Friday at the plant of the Actna Chemical company, where experiments in the manufacture of gasoline by a new process, under government direction, are being made. He is the fifth victim of the fire to die.

Stockholm, Christiania, Berlin and London, in the order named, have the lowest death rates among the European cities.

### "ETERNAL CITY" WILL BE SHOWN AT AUDITORIUM

The thousands of readers of "The Eternal City" in Newark are more than pleased to learn that the motion picture adaptation of Hall Caine's amazing story is to be shown at the Auditorium theatre in this city. It will be presented in all its grandeur just as it was in the Astor theatre in New York City, when it enjoyed a run of months, and will present a thrilling combination of realism and romance.

This greatest of all stories was produced in Italy and England by the Famous Player Film Co., and it marks a new era in dramatic pictorialization. For many years Hall Caine steadfastly refused to permit this work to be reproduced upon the screen. During a recent visit to England, however, Adolph Zukor, president of the Famous Player Film Co., met the distinguished author, who became impressed by the astonishing artistic advancement of American film producing companies, and who subsequently was induced by Mr. Zukor to assign him the motion picture rights of the immortal novel and play.

Under carefully producing managers a carefully selected company was sent abroad to film this master work in the exact locale in which its stirring action occurs. The services of thousands of Roman Carabiniere were secured to assist with the production.

All of the costumes of the Noble Guard of the Roman Pontiff, of the Swiss and Municipal Guards, were made after specimen costumes of these organizations loaned by the highest sanction. It is the first time in the history of motion pictures that these unprecedented liberties have been granted.

The one time capital of the world passes before the eye in pictorial panorama, emphasized by the dramatic intensity of the stirring plot: in relief against this classic background progresses one of the most ingenious and appealing romances ever conceived.

This stupendous photo-play will be given at the Auditorium theatre on Friday, Saturday and Sunday, July 2, 10 and 11, afternoon and evening.

### CORNELL COACH MAY RECOVER.

ITHACA, N. Y., July 2.—The condition of Coach Charles E. Courtney, confined in a hospital with a fractured skull, showed improvement today and his recovery is predicted if no complications result.

Hall's Drug Store.

### ABE MARTIN

There seems to be an awful lot of small prizes in the marriage lottery. Leaves have their time to fall, but you never sit through rakin' up the Sunday newspaper.

### IRON TRADE REVIEW.

Cleveland, O., July 2.—The Iron Trade Review yesterday said:

Extremely heavy shipments of finished materials, the blowing in of more blast furnaces, and the increasing activity of many plants, testify to the decided improvement in business. Some of the most important makers of steel bars are now sold up for the larger sizes of rounds so that they cannot guarantee delivery in less than four or five months. This condition is due to the large volume of orders for shell steel.

The machinery market is flooded with inquiries for lathes and other equipment for the manufacture of war munitions and companies throughout the country are investigating the possibility of utilizing their plants for the manufacture of shrapnel and high explosive shells and are meeting with much disappointment on account of the impossibility of getting the necessary equipment for early delivery because manufacturers of this machinery are booked ahead for several months, and in some cases have sold a part of their next year's production.

### ORGANIZED CLASSES ATTENTION

At the state convention it was suggested that organized Sunday school classes pool their membership for mutual helpfulness. In accord with this we invite you to meet at Maple Avenue Christian Union Chapel, Fourth street car line Newark, Thursday, 7:30 p. m., July 8, to effect a county organization of organized classes. Loyal Men's class of North Newark Christian Union Sunday school, Rev. W. H. Baker, teacher.

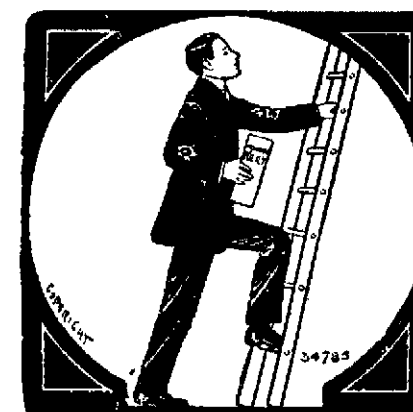

European Russia's hay crop is estimated at 7,020 tons.

## Announcement

Dr. A. L. Wahn who has been manager of the Union Painless Dentists for the past three years has taken over the entire company. He will personally conduct the Newark office as heretofore so there is no practical change. The office will be named after himself.

## COMPLETE

### PROGRAM FOR CELEBRATION OF NATION'S BIRTHDAY NEXT MONDAY, JULY 5.

Civic and Patriotic Societies to Join. Mayor Bigbee Will Preside at Exercises at White Field.

The committee appointed by Mayor Bigbee to arrange for the observance of July Fourth as Americanization Day, met Thursday afternoon and arranged the following program for Monday, July 5, at White Athletic Field:

In the morning the Buckeye band will give a concert from 9 to 10, in the courthouse park. At 10 the band will march to the White Athletic Field, where the band will play.

10:30—Ball game with other games for the younger children who will not be interested in the ball playing.

Noon—Picnic dinners.

Afternoon.

1:30—All civic and patriotic societies with foreign delegations will leave the square for the White Athletic Field, headed by Co. B. Old Guard. These bodies will form on North Second street in front of the Memorial building at 1 o'clock. Line of march around north side of public square to West Main street, west on Main to Fourth, north on Fourth to Church, west on Church street to White Athletic Field.

Following is the program at the field, with Mayor Bigbee presiding:

Music . . . . . Band  
Flag drill by fifty small girls, under direction of Miss Gladys Beecher.  
Invocation . . . . . Dr. C. H. Strall  
Song . . . . . "America"  
Address . . . . . Judge T. B. Fulton  
Music . . . . . Quartet  
Address, Dr. G. B. Smith of Bellaire  
Athletic sports, including races and other contests.

Every person is requested to wear a small flag in honor of the day.

Every house in town is expected to be decorated with Old Glory on that day as an evidence of the patriotism of our people.

It is hoped and expected that there will be a large attendance on the grounds next Monday to show the true spirit of love of country and as a recognition of what the day means to the people of this country.

All civic and patriotic societies are cordially invited to join in the parade and ceremonies of the day.

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from Evans drug store or any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

## ATTEMPT TO FIND ARCTIC EXPLORERS TO BE MADE SOON

(ASSOCIATED PRESS TELEGRAM)

New York, July 2.—Dr. Edmund O. Hovey, chairman of the Crocker Land expedition committee was today on his way to North Sydney, N. S., to join the relief expedition to the arctic, in quest of Donald B. MacMillan and members of his party, who went North to find Crocker Land.

Dr. Hovey intended to stop at Eagle Island, South Harpswell, Maine, for a conference with Admiral Robert E. Peary and to proceed to Sydney to go on board the Schooner George B. Cluett. With the members of the relief expedition on board, the Cluett is to sail from that port not later than July 10 for Etah, Greenland. The Cluett will carry supplies for MacMillan's use if he desires to remain for another year in the Arctic regions and will bring back to New York members of the MacMillan party who desires to return and collections gathered in Greenland for the American Museum of Natural History.

## RIDAPILE CONES

Germs irritate and enlarge the blood vessels, which creates piles.

A new treatment for piles is a recent discovery of a New York Specialist. This scientific remedy contains a powerful non-poisonous germicide and antibiotic which removes the cause that creates piles without inconvenience to the user of these suppositories.

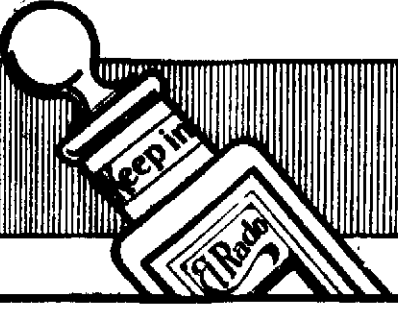

By the use of Ridapile Cones relief is quickly obtained; pain banished; itching immediately ceases; bleeding is stopped; protruding piles and hemorrhoids reduced after a few applications of the Cones when used according to directions, restoring these parts to their healthy condition.

Ridapile Cones remove the cause by killing the germs. The Cones exert a healing and soothing action and a trial brings immediate relief.

Ridapile Cones do not contain OPIUM, MORPHINE, COCAINE, or other NARCOTICS. PRICE 50c. AND \$1.00

Smith's Drug Store.  
Arcade Drug Store.  
City Drug Store.  
Frank D. Hall's.

To prove the merit of Ridapile Cones write for free trial sample to Germicidal Products Corporation, 154 East 32d Street, N. Y.

## HAIR GROWTHS REMOVED

Merely apply a little of El-Rado—the sanitary colorless liquid Hair Remover—then wash with plain water. Not a trace of hair will remain; all you can see will be the skin white and smooth. One application will do for a long time. And finally when the hair does return, it will be even softer and finer than before so that another application of El-Rado will remove it for a still longer period.

El-Rado has been used for years by thousands of women for all kinds of hair and is gaining new friends daily. It has universally proved to be the best method of removing hair from under the arms, shaving, singeing, etc., make the hair come in thick and coarse like a man's beard. Pastes and powdered depilatories, which irritate the skin and have to be scraped off, have the same effect. So-called "permanent" treatments are painful and, physicians say, dangerous.

The ingredients of El-Rado are so highly antiseptic that many physicians use them for removing hair before an operation.

El-Rado is sold and recommended by the better drug stores and toilet goods stores. Two sizes, 30c and \$1.00. Money back if you're not more than pleased. Get a bottle today, so you can apply it when convenient.

If you prefer, we will gladly supply you direct (in plain wrapper) if you enclose coin or stamps. Free booklet, full information and letters from prominent users on request. A postal will do. Distributor Mfg. Co., 66 East 25th St., New York City, 17-2.

In this city El-Rado is sold and recommended by: W. A. Erman, Frank D. Hall, R. W. Smith.

## APPEAL

TO UNITED STATE SUPREME COURT WILL BE BECKER'S NEXT STEP.

Martin Manton, who has Represented Him Heretofore, Has Withdrawn From the Case.

New York, July 2.—The next step in the effort to save Charles Becker from execution for the murder of Herman Rosenthal will be the selection of new counsel to represent him in an appeal to the United States supreme court. Martin E. Manton, who has represented Becker up to the present and who has announced that he will retire from the case, was not prepared today to say what attorney will lay Becker's appeal before the supreme court.

Mr. Manton would not admit that Becker had offered to tell Governor Whitman the names of men higher up in graft dealings in which Becker was connected. It was learned from Mr. Manton that Mrs. Becker will not go to Albany to make a personal appeal to Governor Whitman.

## CEREMONY

IN AUSTRIA-HUNGARY MARKED ANNIVERSARY OF ARCHDUKE'S ASSASSINATION

Heir-Apparent Paid Reverential Visits to Places Connected With Famous Crime.

(ASSOCIATED PRESS TELEGRAM)

Washington, July 2.—Ceremonies in Austria-Hungary marking the first anniversary of the assassination of Archduke Ferdinand, the Austrian crown prince, were described in foreign office dispatches from Vienna, forwarded to Washington today by the Austro-Hungarian summer embassy at Lenex, Mass.

"Archduke Charles Francis, successor to the present emperor and his consort, the Archduchess Zita," the dispatches stated, "paid a reverential visit to the places intimately connected with the last days of the martyred Archduke Ferdinand."

"The future rulers of Austria-Hungary went privately to Innsbruck, visiting without ceremony the scenes beloved by the late heir to the Austrian throne. Throughout the empire the anniversary of Archduke Ferdinand's death has been reverently celebrated."

Memorial articles, it was announced, were published in Vienna, reviewing the war's progress. They declare the death of the archduke has been avenged by the "justified resistance of the House of Hapsburg, with the army and navy whose strengthening the late archduke regarded as his life work."

## EXERCISE AND GRECIAN BEAUTY

WHAT IT MEANS.

Many thousands of women are now-a-days paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greeks, both men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise continued day after day is best for the body and spirits and health. Without proper exercise there can be no health, and without health there can be no real beauty.

There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous irritable and exhausted women.

It is a wonderful prescription prepared only from Nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—Adv.

## SPAIN EXPERIENCES MORE DIFFICULTY KEEPING NEUTRAL

(ASSOCIATED PRESS TELEGRAM)

Madrid, July 2.—Spain is experiencing difficulty in maintaining neutrality and in a further effort to preserve it, an official order has been given not to discuss the question in public.

The deputies of the Left, who oppose the government policy, informed Premier Dato they proposed a speech-making campaign directed against the cabinet because of the suppression of public meetings. The premier replied that he would authorize meetings on condition that neutrality be not mentioned. He said discussion of this question would serve only to give public expression of sympathy for one side or the other in the war.

The shork holds the record for long distance swimming. One has been known to cover 800 miles in three days.

Dr. and Mrs. J. H. McClure of East Main street entertained with a picnic last evening at Buckeye Lake in honor of the former's brother, Dr. Earl McClure of Summit, O., and sister, Mrs. James Dullock of Huntington, W. Va. Those present beside the honor guests were Messrs. and Mesdames G. W. Bower, Oscar Adams, Guy Lawyer, Fred Schimmel, Carl Donahue, H. C. Gerlach, G. W. Sapp, and Charles Hupp.

A recital will be given in the First Presbyterian church on Tuesday evening, July 6, by Miss Besse Larking for the benefit of the Public Library. Miss Larking is a pianist of ability, being a student at the Cincinnati Conservatory of Music and having formerly been a pupil of Mrs. White of Granville.

Miss Larking will be assisted in her program by Emil Rosen, a Russian, who has been in this country but five years. Mr. Rosen is a lyric tenor and is a student at the Cincinnati Conservatory of Music studying under Prof. John Thomas. A most delightful program has been arranged and while no admission will be charged a silver offering will be taken for the benefit of the library. The hour chosen for the recital is 8 o'clock.

The members of the Sunshine club were entertained on Thursday afternoon at the home of Mrs. Walter Freese in West Locust street. The hours were devoted to sewing and music and refreshments were served. The club will meet on Tuesday, July 13, at the home of Mrs. John Burrell.

Mr. and Mrs. Tom King entertained with a dinner party Sunday at their home west of the city. The guests were Mr. and Mrs. George Wells of Pataskala, Mr. and Mrs. Henry Ashton, Mr. and Mrs. J. C. Ford and their daughter Maud of Union City, and Misses Judy and Gladys Cochran of Nashport.

**Personal**

Mr. and Mrs. George Fox of Terre Haute, Ind., are visiting at the home of Mr. and Mrs. D. M. Keim in Maple avenue.

Little Miss Opal Glenn Keim and Master Frank Young have returned home after visiting in Akron. They were accompanied home by Mr. Frank Manchester.

Mr. and Mrs. R. A. Ralston and Mr. and Mrs. P. J. Haidet will leave tomorrow for Minnesota. They will drive through in an automobile.

Mr. and Mrs. M. T. Healy of Eastern avenue left Wednesday for Sacramento, Calif., on a two months' visit. They also expect to attend the Pan-American exposition.

Miss Gussie Rabe left last evening for New York.

Engene Wells, son of Col. W. C. Wells, returned home yesterday. He has finished his third year at a prominent Osteopathic school of Chicago. He lately received notice that he was appointed a teacher of chemistry for the coming year. Since school has been out Mr. Wells has been attending the Y. M. C. A. conference at Geneva Lake, as a representative of his school there. While at Lake Geneva he won the state rowing championship of Illinois.

Mr. Calvin Hazlett of the local Y. M. C. A. will leave for Toledo tomorrow to attend the C. E. State convention. He will attend there until Wednesday of next week.

Mr. and Mrs. Crisswell of West Locust street with their two children have returned from a week's outing at Buckeye Lake Park.

Miss Leonard Bagan, who recently sold the Bagan Bonnet shop, left Thursday evening for her home in Garret, Ind.

Miss Viljo Latcher of Utica, N. Y., is the guest of Miss Camille Windie of the Mt. Vernon road. Miss Windie and her guest spent Thursday in Columbus.

Mrs. Charles Hall and daughter Katherine and Florence of Dayton are guests of Mrs. Clara Bowers at her home in Central City.

F. E. Lasher of New York was a business visitor in the city today.

Miss Loretta Rielly, who has been conducting the sewing school at the W. H. Mazy company, left on Thursday for her home in New York.

Mr. and Mrs. Edgar J. Mooney of Cleveland, who have been visiting at the Brennan home and who were here to attend the Sachs-Brennan nuptials, have returned to their home.

Misses Lucille Johnson and Mary Louise Edwards, who have been visiting Mrs. Earl Ward in Columbus, have returned home.

Mr. C. W. Sheese of Glenford was a visitor in Newark on Thursday.

John Morgan of Buffalo, N. Y., was a business visitor in the city on Thursday.

John Jayne of Pittsburg was looking after business interests in Newark on Friday.

Miss Mary Schaus has returned to

her home in Ninth street, from Columbus, where she attended the wedding of Miss Rae Swan, niece of Mr. and Mrs. S. L. James.

Mr. and Mrs. John Mohlenpach (Marle Gilbert) returned on Thursday night from an extended wedding trip which followed their marriage in Philadelphia. They visited New York and a number of other eastern cities.

Mr. and Mrs. H. J. Ridenour were visitors in Columbus on Thursday.

Mr. Samuel Shaffer of Homer spent Thursday in Newark the guest of friends.

**Obituary**

**Mrs. Ellen F. Johnson.**

Mrs. Ellen F. Johnson, 78, died at the home of her daughter, Mrs. Charles Starkweather, at 26 South Second street, yesterday, after suffering for several months as the result of a stroke of paralysis. Mrs. Johnson is a widow and is survived by her daughter and two sons who reside in Indiana. Funeral services will be held this evening at 8:45 o'clock at the Starkweather home in South Second street, conducted by Rev. Don D. Tullis and the body will be shipped Saturday morning to Decatur, Ind., for interment.

**William Henry Thomas.**

William Henry Thomas, aged 22 years, 9 months and 27 days, died last evening at 5:30 o'clock at his home, rear of 169 Hoover street, after suffering for some time with tubercular trouble. He is survived by his mother Mrs. Sarah Thomas, and a brother and sister. Funeral arrangements have not been completed.

**Card of Thanks.**

By this method we wish to extend our thanks to the many friends who assisted in the sickness and death of our beloved sister; we wish especially to thank Rev. Baker and his church for the consoling words and hymns, also the Royal Neighbors and all for their beautiful floral offerings. Mrs. J. A. Meharry and family 11\*

**THE SICK**

Ruth Mauger, the 18 month old daughter of Mr. and Mrs. Rankin Mauger, is seriously ill at the home of her parents in the Avalon building. Drs. Sapp and Watkins are the attending physicians.

**DARKEN GRAY HAIR, LOOK YOUNG**

Apply Q-Ban—Not a Dye. Harmless—Wonderful—Changes Gray Hair Beautiful Dark Shade.

Don't look old—look young—so if your hair is wispy, thin, falling, gray, streaked with gray, faded, dry, pre-aturely gray simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. Your hair will then be beautifully darkened, lustrous, soft, fresh, wavy, with that dark lustrous gloss which makes the hair so fascinating and attractive. Also stops itching scalp dandruff and falling hair and promotes its growth. Q-Ban is not a dye, but acts on the roots so the gray hair is so evenly and beautifully darkened that no one can tell it has been used. Q-Ban is not sticky or messy; harmless. Try it. Big 7-oz. bottle only 50c. At R. W. Smith's Drug Store, Newark, O. Out of town f'ks supplied by parcel post.

**RAWLINGS CASE IS CONTINUED UNTIL JULY 20**

In the mayor's court this afternoon the case of A. L. Rawlings was continued until July 20, when it will be called at 2 o'clock.

The lawyers for the prosecution are Jones & Jones and for the defense W. O. Fulton and W. N. Koons of Mt. Vernon. Rawlings is charged with forgery on several counts and is out on \$3,000 bail.

**Granville**

[Special to The Advocate]

Granville, July 2.—Dr. Voght of the department of sociology in O. S. U. completed a series of three lectures last night in Recital hall, given free for the benefit of the Summer school students.

Rev. Justin Nixon of Minneapolis, Minn., arrives today for a week-end visit with his parents, Rev. and Mrs. H. A. Nixon in West Main street. Mrs. Nixon and little son who have been visitors since commencement, will accompany him home next week.

Dr. and Mrs. J. W. Rohrer, with their three children, left Granville yesterday for a motor trip to Dayton where they will spend a fortnight with relatives.

The men's Bible class of the Presbyterian church, led by the pastor, Rev. E. D. Barnes, is having a phenomenal growth and promises to have an enrollment of over a hundred in the near future. On next Sunday morning at 11 o'clock Prof. Lett of the Summer school faculty will lead the class, and Mr. Stain will sing a solo. The topic of the lesson will be "Abraham."

Mrs. Luella Gurnee Rauch is teaching painting in the Byron W. King School of Oratory, Pittsburg.

Miss Lily Glickert has returned from a visit with friends in the east.

Mr. and Mrs. William Hughes and daughter, Miss Elizabeth Hughes of

[By Dorothy Clarke]

I drove it alone—Isn't that deliciously exciting . . . No, I didn't hit anything, not even a chicken, and the chauffeur said my nerves are wonderful for a beginner. . . . Wasn't Jack a dear to give me one? I've wanted a little racer for years. . . . All the way to Southampton, I simply had to show off before Priscilla and Jane. . . . They were on the beach, and you never saw two such surprised mortals in your life! . . . Very well. . . . Jane is lots lighter. . . . The poor

dear has been dieting and playing with a medicine ball one whole half hour every morning. . . . She vows she is going to be positively sylph-like next season. . . . Yes, an awfully cute bathing suit. It was very plain, of dark gold satin with a broad patent leather belt. . . . Dutch collar and cuffs of white. . . . Jane freckles and burns frightfully. . . . No, she is wearing long sleeves—discretion, you know. . . . There is a long winter season ahead, and freckles and evening gowns. . . .

**In Milady's Boudoir**

By Gwen Sears

To correct bitten finger nails, which are fatal to beauty, the fingers should be washed, dried, and vaseline applied before retiring. Then place strips of muslin, several thicknesses, over the ends of the fingers, bandaging each finger separately. This operation must be repeated each night until the habit of biting has been overcome and a sufficient growth is attained.

Some nails thrive better than others and in consequence require shaping oftener. Once every ten days or a fortnight is often enough to cut the average ones, but they should be shaped every day or two with file or emery board. The cuticle at the base of the nails must be carefully forced back and tucked under in order to preserve the filbert of the nail. This is usually done

with a wooden or ivory stick designed for the purpose. With many people, however, it is quite sufficient to push the skin down with the towel after washing.

A slice of fresh-cut lemon rubbed over the nails after this operation will assist in keeping the nails in good color. After the nails have been cleansed and shaped they should be polished. If one wishes to make her own polish paste the following will serve admirably:

Use equal parts of beeswax and vaseline and remove it from the fire. As it cools add the carmine and stir in the vaseline. The mixture may be put into jars and kept indefinitely. Apply the paste to the nail with the finger and polish with a chamois leather nail-polisher.

**Your Boys and Girls**

Threats and promised punishment do harm instead of good when your child rebels at going to bed. Each child must be studied separately and with honest consideration. A peep at the moon and stars is a delightful and interesting thing for the little one when the heavens are bright and the air clear. To watch the moon grow larger each night and to hear that it and the stars are far away lights sent to watch over and guard at night, particularly those who travel on the sea is of unending interest to every child. The wise parent will use this means to rouse a dim sense of the religious nature, to awaken the spiritual life that begins with realizing material things, as the moon and stars, the encircling arms of mother, the guard-

ing watchfulness of father, and to give to each loved one a dim idea of a higher power that directs, controls and cares for us.

**Every Day Etiquette**

"Is it good form for a young married man to wear his housecoat or smoking jacket when entertaining guests both men and women?" asked George.

"A man should wear his housecoat in the privacy of his home when he is with his own family and perhaps an intimate friend or two. He should not wear the jacket when entertaining a number of friends," advised his sister.

There are nearly 200,000 lunatics in the United Kingdom.

### Your Brain Can't Work When Your Bowels Are Clogged.

Capitalize your full 100% brain power by ridding yourself of constipation, biliousness, that out-of-control feeling.

Get a 10c box of Santal Laxatives to-night. Take one just before bed. It'll clean out your bowels, clear up the liver, make you feel great!

Santal Laxatives are an all-vegetable compound put up in tablet form. Contains no calomel, no habit-forming drugs. Every ingredient a universally recognized remedy for constipation, scurvy liver and all the ills that follow in their trail.

Have your family physician write you for a copy of the formula. Put it up to him. We'll stand by his decision.

Give Santal Laxatives a try-out to-night. Phone your druggist to send you a box, 10 doses 10c. Or, if you prefer, write us for trial package. It's free. The Santal Remedies Co., Inc., 522 Union Central Bldg., Cincinnati, Ohio.

The Philippine government recently granted its first concession to foreign capital, an English company getting a 20 year right to develop hardwood forests.

### Anne of Russia's Ice Palace.

Probably the most remarkable building constructed wholly of ice was the palace built on the Neva by the Czarina Anne of Russia. Large blocks of ice were cut and squared with great care and laid on one another by skillful masons, who cemented the joints with water, which immediately froze. The building, when completed, was fifty-six feet long, seventeen and one-half feet broad and twenty-one feet high. It was of but one story. The facade contained a door surmounted by an ornamental pediment and six windows, the frames and panes of which were all of ice. An elaborate balustrade, adorned with statues, ran along the top of the facade and another balustrade surrounded the building at the level of the ground. The grounds were further adorned with a life size figure of an elephant, with his mouth on his back. A stream of water was thrown from the elephant's trunk by day and a flame of naphtha by night.

A tent of ice contained a hot bath, in which persons actually bathed. There were also several cannons and mortars of ice, which were loaded with bullets of ice and iron and discharged.

### Bullet Stopping Tricks.

Five feet of clay, three feet of loose earth, or two and a half feet of sand will stop a modern rifle bullet at the closest range; but, curiously enough, as the layman may think, ramming earth hard reduces its resisting power, and high velocity bullets have less penetration in sand at short than at medium range. Eighteen inches of sand between boards is bullet proof, also nine inches of well built brick work. Soft wood, like fir, across the grain is bullet proof at point blank range if forty-eight inches thick, or at 500 yards if half as thick. Similarly, twenty-seven inches of hard wood, like oak, is point blank proof, or fifteen inches at 500 yards. Half an inch of wrought iron or mild steel, a quarter of an inch of hard steel, or a fifth of an inch of special steel is bullet proof. So are six inches of shingle, fifteen inches of coal, or, as some people may be surprised to know, eight feet of snow.—London Express.

### Napkin Rings.

But for the napkin rings. They are relics of a departed age, reminders of the era of the Saturday night bath, the old folks' concerts and the painted panoramas of the Nile. They abide now in out of the way corners, tarnished and forgotten, bands of old silver, often affectionately inscribed at the command of givers long since turned to dust. They are the sort of reminders of a gentler but less fastidious generation that we do not like to part with except for some good reason and have no desire to keep. The serial napkin went long ago. To the melting pot, by all means, with the rings, and that they may melt up into millions of dollars' worth of silver is our sincere wish.—New York Times.

### The Cigarettes' Luxury.

Besides the privilege of having newspapers and novels read to him while he works, the Cuban cigar maker demands another indulgence—that of cheering his labors with cigars provided by the firm. Every morning six high grade wrappers are handed to him for his own use, and in these he folds as much as he likes of the tobacco supplied him for the day's work. The cigars thus made and consumed are said to cost the Havana tobacco industry a sum of close on \$250,000 a year. The head of one great firm once declared that he would willingly make over his factory and plantations to his employees if in return they undertook to give him the cigars they rolled for themselves.

### The Slav Race.

History has contributed to separate the two masses of Slavs. The Mongol yoke for two centuries introduced Asiatic customs among the Russian Slavs. The Turkish yoke for many centuries and down to our own times influenced the character and customs of the Bulgars and Serbs. On the other hand, the Latin Slavs followed the historical evolutions of the Occident—they were with Godfrey de Bouillon at the crusades, they were touched with the flame of the renaissance, they have had their part in the development of modern thought.—Literary Digest.

### The Loon a Good Diver.

As a diver the loon excels, and naturally, for it is his sole means of livelihood. Not only is he marvelously quick, but he can remain under water for a seemingly endless time. In swimming under water he uses both wings and feet and can go for several hundred yards in this fashion. The loon, like many other waterfowl, sleeps on the water with his head tucked under his wing.

### Mostly Himself.

"I hear he brought back some interesting views of foreign places."

"Yes; he has photos of himself standing on London bridge, himself leaning against the leaning tower of Pisa and himself in front of the pyramids."—Louisville Courier-Journal.

### Not Spotless.

"I will have no one in my employ who is not above suspicion. Can you offer me a spotless character?"

"No, ma'am; it got some ink spilt on it."—Baltimore American.

### Looking Backward.

Do you remember the time when you wanted a girl's picture more than anything else in the world?—Pittsburgh Post.

### No man ever wetted clay and then left it, as if there would be bricks by chance and fortune.—Plutarch.

The territory of seven nations joins that of the Garman empire.

Marvel ..... 1.10

### Chicago Grain.

(Associated Press Telegram)

Chicago, July 2.—Unsettled weather threatening further delay to the harvest of the domestic winter crop, led to an advance today in the price of wheat. The July option especially showed strength owing to increasing chances of a scarcity that would make deliveries difficult on current contracts. Demand was chiefly from shorts. After opening 5-8c off to 3-4c, the market scored material gains all around.

Corn responded to the strength of wheat. Besides, there was evidence of a general cash demand. The opening, which varied from 1-8 and 1-4c, led to a shade advance, was followed by a moderate general upturn.

Orders from seaboard gave oats a decided lift. Incidentally, a tendency developed to widen the July-September spread.

Provisions sagged owing to weakness in the hog market. Western receipts of hogs showed a big increase compared with the corresponding day last week and a year ago.

### Toledo Grain.

(Associated Press Telegram)

Toledo, July 2.—Wheat, cash, 1.35; July 1.33; Sept. 1.07; Dec. 1.09; Corn, cash 7 1/2; July 7 1/4; Sept. 7 1/4; Dec. 6 3/4.

Cash, 54; July 49 1/2; Sept. 40; Rye, No. 2, 1.65.

Cloverseed, prime cash, 8.53; Oct. 8.25; Mar. 8.32; May 8.32.

Alfalfa, prime cash, August 8.85; Timothy, prime cash 3.27 1/2; Sept. 3.40; Dec. 3.30.

### Chicago Grain and Provisions

(Associated Press Telegram)

Chicago, July 2.—Closing: Wheat, July 1.13 1/2; Sept. 1.04; Corn, July 7 1/2; Sept. 7 1/4; Rye, July 1.65; Sept. 1.60; Oats, July 47 1/2; Sept. 38 1/2; Pork, July 16 1/2; Sept. 17 1/2; Lard, July 22; Sept. 22 1/2; Ribs, July 10 1/2; Sept. 10 1/2.

Calves: Receipts 100; steady; top 11.00.

### Wall Street

(Associated Press Telegram)

New York, July 2.—Passing of the dividend on United States Rubber Common after the close of yesterday's market was followed today by a decline in a decline of almost seven points. The stock opened after considerable delay with an offering of 5,000 shares at 46 to 46 1/2, against yesterday's final quotation of 51 1/2. The

balance of the list was irregular, some minor rises and a few declines yielding fractions while Canadian Pacific and American Coal rose to two points. American Coal Products was a feature of the market, advancing nine points to 127 in the first half hour.

Rubber continued to decline to 4 1/4, but recovered to 4 1/2. Sales of rubber in the first hour amounted to 25,000 shares and with a gain of 1/2 of the other Cents of that period. Investment stocks and high-priced war specialties were unaffected by the break in rubber. Making further improvement until Canadian Pacific developed sudden weakness. That stock lost its early gain of 1 1/2 and fell a total of 2 1/2 points to 43 1/2, within a fraction of its low record. Later prices hardened again on a smaller volume of trading. Future selling was again the feature of the bond list.

### Origin of "Editor."

One of the most interesting verbal or philological trails that scholars now are following into the past for light on origins is that which has the word "editor" stamped upon it. Yale's authority on evolution of English speech, Professor Lounsbury, could find no earlier use of the term as applied to the chief writer and director of a periodical than in 1768, but there is evidence in the superb collection of British and American newspapers owned by the Antiquarian Society, Worcester, Mass., that it was so used in 1761. The alleged use of the title in the Boston Newsletter of 1728 proves, on examination of the file in the Boston public library, to be inaccurate. Undoubtedly Isaiah Thomas, in 1773, spoke of himself as editor of the Royal American Magazine. The interesting point to be noted, while the hunters are busy on the trail, is that, relatively speaking, "editor" is a new word in journalism. "Printer" and "publisher" preceded it.—Christian Science Monitor.

### Way of the Bluejay.

The bluejay—Cyanocitta cristata—a purely American bird. He is about twelve inches long, is light purplish blue above and gray below. The collar and frontlet are black and the wings and tail ultramarine, barred, the outer tail feathers being tipped with white. What a graceful, beautiful bird this is, impertinent and noisy, his raucous scream followed by a cloride that sounds much like a mocking "Ha, ha, ha, oh, my." He is accused of robbing the farmer's corn crib, of sucking the eggs of other birds and even of tearing to pieces their young. The sportsman as he goes through the woods, gun in hand, thoroughly hates the jay, which is a kind of game warden, sounding an alarm to the other birds as their enemy approaches. Naturalists have placed him in the crow family despite his beautiful plumage, but his manners and his morals are more like those of the sparrow hawk.—Indianapolis News.

### The Darkness Before Dawn.

It is proverbial that "the darkest hour precedes the dawn." W. F. Denning, the English authority on meteorology, has recently called attention to the literal accuracy of this proverb, as established by his own observations on thousands of nights. He says: "Before dawn a greater darkness seems to drop down like a mantle upon the immediate surroundings. Objects which were plainly observable during the previous hours of the night are blotted out, and a nervous feeling is sometimes induced by the dense opacity of the air."

He claims to have noticed this phenomenon when the subject was far from his thoughts, so that it could not have been purely subjective. He is unable to state the exact interval before sunrise when the remarkable darkness comes on nor whether it is common to each season and sky conditions.

### Wellington's Wounded.

It is difficult to realize the callousness toward the sick and wounded against which Wellington struggled in the peninsula. One evening at dinner he heard that at a post several miles away a large number of sick soldiers were lying in the open, exposed to the weather. He rode promptly to the place, found the sick in the plight described, while the healthy officers were in comfortable houses, and was told by the commanding officer that there was no accommodation for the sick. He instantly arranged in detail for the billeting of the sick in those houses, but, suspecting what might follow, paid a surprise visit the next night and found that the invalids had again been turned out into the open. Wellington immediately reinstated them, arrested the officers and had them tried and dismissed for disobedience.

### A Little Problem.

If the telephone company charges 15 cents to carry your voice across the Hudson river, and if the telegraph company charges 25 cents to carry ten words across, and if the ferryboat charges 8 cents to carry your body across, and if the tunnels charge 7 cents for carrying your body under the Hudson river, and if the express companies charge 28 cents for carrying a 20 pound parcel across, and if the government charges 15 cents for carrying a 20 pound parcel across, compute the amount of logic in a square inch of modern civilization.—Life.

### Bargains in the Waste tonight.

## Recovering from Burns.

Steve Valore, a foreigner employed at the Wehrle company and living in Bolton avenue is recovering from serious burns on the right foot and ankle, inflicted by the falling of molten metal.

## Is Now Convalescing.

The eleven year old son of Mr. and Mrs. Edward Jones of Paddy street who was injured in a runaway accident on Monday is now improving. The child was thrown from the buggy when the horse ran away at the corner of West Main and Sixteenth street and had a deep gash cut in the head. Dr. H. H. Postle took several stitches to close the wound.

## Members of Golf Club Here.

About ten young women, members of the Zanesville Golf Club were in the city on Thursday and played at the Country Club.

## Moving Into New Home.

Mr. and Mrs. Murray Cummings who have been living in Maple avenue are now located in their new home in Kibler avenue.

## Amsterdam Children's Day.

The Amsterdam United Brethren Sabbath school will hold its annual Children's day service in the church at Amsterdam 7 miles south of this city on Sabbath evening, July 4th. A special program has been prepared which will no doubt prove interesting and instructive.

## Big Grange Picnic.

The Purdy Grange No. 1913, will give a picnic at Rain Rocks in Eden township on Saturday, July 10th. All Patrons of Husbandry are especially invited. Also a general invitation is extended to the public. Ball and Summers of Colorado, will give their dialogue debate. "Shall it be License or Prohibition." Also a state Grange speaker, Frank D. Lyons, of Columbus is expected to be present.

## King's Herald of the First M.

The King's Herald of the First M. E. Church will meet tomorrow afternoon, with Edith Richett, of 531 Maple avenue. Wear a small flag if convenient.

## K. of C. Outing.

The Knights of Columbus entertained with the first stag outing of the summer season at the McCabe farm west of the city on Thursday. A very enjoyable day was spent and lunch was served.

## Eight Hour Law.

The new eight hour a day labor law of the state, county, city, town-

ship and school district improvements went into effect yesterday, July 1. Laborers cannot be employed longer than eight hours a day on any improvements which are now awarded after July 1. Work on any improvements which are now awarded by the city, county and township authorities will be limited to eight hours a day.

## Is Seriously Ill.

James Parker, proprietor of the Manhattan Hotel in West Church street, is seriously ill with articular rheumatism. Dr. H. P. Martin is attending him.

## Breaks Ankle.

I. W. Morrison employed at the American Bottle company, was injured on Thursday when an empty sled struck his foot mashing it and breaking the ankle. Dr. H. P. Martin reduced the fracture.

## New Real Estate Office.

Fred C. Evans who recently disposed of his interest in the Evans Supply Company, has opened a real estate office on the fourth floor of the Newark Trust building and will put on sale the lots in Evanston, adjoining the Country Club ground. The sidewalks are down and next Tuesday workmen will begin to macadam the streets. This is a fine suburban addition. Mr. Evans will also sell lots in Oakland, Penney and Heisey additions.

## Buys New Car.

Mr. Lize Criss today received a handsome new Buick six-cylinder car. The body is a dark green and the car is fully equipped with all the latest improvements. Mr. Criss is very proud of his new machine and he has invited the reportorial force of the Advocate to take a long spin with him. It is needless to state that the invitation has been accepted and the scribes are looking forth to one grand joy ride in the very near future.

## U. V. L. Invited.

Members of the U. V. L. will leave for Nashport Sunday on the 9 o'clock interurban car and will go to the residence of Aaron Riley, a member of the Legion, and assist Mr. Riley in the proper observance of his birthday. The old veterans are looking forward to the visitation with much anticipation and that all will have an enjoyable time there is no doubt. For Mr. Riley's hospitality is well known to all the old war heroes. Comrade Riley was a member of Co. C, 78th Ohio, and he saw much service, his war record being a splendid one.

## AGREES ON DETAILS OF SUBWAY WORK; MAY SIGN SOON

At a meeting held Thursday in Pittsburg, attended by attorneys and engineers for the city of Newark and officials of the B. O. and Pennsylvania railroads, practically all the details regarding the construction work on the subways were agreed upon.

Another meeting is to be held in the near future when it is probable that the signing of the contracts will be started.

It will require some time to complete this part of the final step as the high officials of at least five different railroad organizations must sign the agreement.

## Divorce Petition.

Iva Winice has filed a divorce petition in probate court against Asa L. Winice. The parties were married in this city on December 3, 1911, and are the parents of one child, a son, aged 1 year and 4 months. The petition of plaintiff charges the defendant with gross neglect of duty, alleging that he refused to pay the house rent or support his wife and child; that defendant has only given plaintiff \$4 since the birth of their child, and had only expended \$2.50 for a hat for her and \$1.25 for a dress, and gave her now and then a small sum of money, not to exceed a quarter at a time. The petition also alleges that defendant denied being the father of their child and accused plaintiff of intimacy with other men and called her vile and indecent names. Plaintiff asks for a divorce, custody of the child, and alimony.

Cotton seed meal is gaining popularity as cow feed in Canada.

Australia has nearly 300,000 acres of untouched forests.

## BOUND OVER TO GRAND JURY BY JUSTICE SCOTT

Willis Siegle, charged by Howard Gebhart with assault with intent to wound, was bound over to the grand jury in the sum of \$500 by Justice Fletcher S. Scott late yesterday afternoon, the trial lasting all day and a large number of witnesses being examined. Siegle gave bond and his case will come before the grand jury in September.

The case of the state against Howard Gebhart, the latter being charged by Siegle with assault and battery, was also decided by Justice Scott, who bound defendant over to the grand jury in the sum of \$200, bond being furnished by defendant.

The trials in the justice court were the outcome of a non-laborhood quarrel which started Saturday night, June 19, when it is alleged Howard Willey and Willis Siegle engaged in an altercation. It is claimed that Gebhart went to the former's assistance and the arrests resulted.

## Breach of Contract Alleged.

Joseph H. Lanning has filed a petition in common pleas court against Mercer Brothers, contractors, in which plaintiff claims a breach of contract, the petition alleging that plaintiff was employed by the defendants to furnish the materials and paint a certain part of a building being erected by the defendants for Samuel Burrell, at a cost of \$300; plaintiff claims that he entered upon the work and was later stopped by defendant and notified that other parties had been engaged to do the work. Plaintiff claims to have been damaged in the sum of \$100.

For a second cause of action against defendants, plaintiff claims that he entered into a contract with them to furnish the materials and do the painting on a building known as the new market house, for the sum of \$1200; that he entered upon the contract and was later stopped by defendants and informed that others had been engaged to do the work. For this cause of action plaintiff asks \$100, or a total of \$500.

## Marriage Licenses.

Harry B. Early, machinist, and Mrs. Larua M. Brandon, both of this city.

The Meat Store In Newark  
IN THE ARCADE

### HARRY PARKS

(Continued from Page 1.)  
reached the morgue and for a time it was thought that he might have been killed and robbed by the same gang which attacked Officer Boss-cowan.

Parks was a native of Newark. He was born here 40 years ago, was educated in the Newark schools and early in his young manhood went to work for the B. & O. where his father and brother were employed.

He is survived by his mother, Mrs. Sarah Parks, who makes her home with her daughter, Mrs. W. H. Knauss, his brother Fred Parks, with whom he lived and another sister, Mrs. Ella Alspaeh, of this city.

No arrangements have been made for the funeral.  
Funeral services will be held Sunday afternoon at 2 o'clock. The place has not yet been determined.

### BRITISH

(Continued from Page 1.)  
tons and was built at Blith in 1912. She was 263 feet long, 51 feet beam and 27 feet deep. She was owned by W. Runciman & Company of London. The steamer Welbury left Kingston, Jamaica, May 22 by way of Matanzas, Cuba, June 3 for a port in the United Kingdom. The Welbury was of 3,547 tons gross and was built at West Hartlepool in 1907. She was 240 feet long, 48 feet beam and 21 feet deep. She was owned by the Burg Shipping company, limited, of Hartlepool.

### GEN. FUNSTON

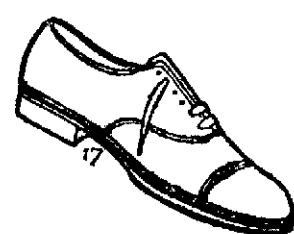

(Continued from Page 1.)  
and Carranza factions with implication in the murder of President Madero and Vice President Suarez following the overthrow of the Madero administration and Huerta's assumption to power.

No decision on the extradition matter is looked for pending the disposition of charges preferred by agents of the federal government against General Huerta of alleged violation of American neutrality.

A Government survey has resulted in ranking the Yukon river in fifth place among the great streams of North America.
